AT A STANDSTILL.

Business Practically Suspended on the Chicago and Erie Between Huntington and Chicago.

CHICAGO, Jan. 22.—Business seems to have been practically suspended by the Chicago and Erie road between Huntington, Ind., and this city. No trains have arrived here over its tracks since 4 o'clock yesterday afternoon, and none have left here since the mail train that went out at 2:30 yesterday afternoon. The early mail train that should have begun its eastward trip at 7:30 this morning, did not go out, and nobody at the station was prepared to say when it would go out. No attempt is being made, or has been made since 10 o'clock Tuesday night, to move the freight.

ONE HUNDRED FEET.

Two Ladies Hurled Over a Precipice and Badly Injured.

LEADVILLE, Col., Jan. 22.—An awful accident occurred here which will result in the death of Mrs. Henry Smith, aged 55 years, while a lady named Mrs. Nehslin was also badly hurt. The two ladies resides at Oro, about two miles from here, and after finishing their shopping started home in a buggy. Near Oro is a steep embankment, and in some manner the horse and buggy were thrown over and the couple hurled to the bottom, a distance of 100 feet. Both ladies were internally injured and Mrs. Smith is pronounced beyond recovery.

FOUGHT TO A FINISH.

Jimmy Doyle Whips Con Murphy at Hammond, Ind.

HAMMOND, Ind., Jan. 22.—Jimmy Doyle and Con Murphy engaged in a finish fight two miles south of this city, in the presence of about seventy-five spectators, last night. The men were evenly matched, both weighing 160 pounds. At the call of time they went at each other like hyenas, Doyle winning blood and knock down. The mill was of the slaughter house order. In the fifth round Murphy led with a straight left, but fell short and missed. In return he received a terrific blow on the chin, which sent him half under the ropes, where he lay until Doyle was declared the winner. The fight was for $325 and the gate money.

IMPRESSING THE SAVAGES.

Scheme to Convince Sioux Chiefs that War With the Whites is Hopeless.

COLUMBUS, Ind., Jan. 22.—James L. Jenkins, a deputy United States marshal and soldier of the regular army arrived in this city in charge of Seven Bears, an Indian chief, and a nephew of Sitting Bull. He stated that the government was undertaking to impress upon the mind of the half savage chief that this is a large country and full of pale faces and let this fact be communicated to his tribe, with a view of discouraging future trouble. There are five other chiefs in different parts of the United States that are being shown the country for the same reason. Seven Bears is a savage-looking Indian, fully six feet tall, understands no English, and when eighteen years of age lost his left arm in a fight with one of his tribe. He was taken to Hartsville, this county, to-night, at which place Mr. Jenkins has some friends. The two will return to this city and go to Louisville.

FROM GAY TO GRAVE.

Subjects of the Dead King Preparing to Celebrate His Return.

SAN FRANCISCO, Jan. 22.—The steamer Australia, which arrived from Honolulu to-day, brought the news that great preparations were being made there to receive the king on his return to the island. The passengers who arrived on the steamer state it was expected in Honolulu that the king would arrive on the Charlestion about Thursday week, and the whole city will be decorated. Arches are being built, every store and dwelling house is being made gay with bunting and the troops and volunteers have been ordered to hold themselves in readiness for a parade. In the evening of the day on which the king arrived there was to have been a grand ball in the Royal palace, and it was expected that His Majesty's return would inaugurate a round of festivities. When the Charleston is sighted the government yacht will be sent to meet her and she will be boarded off Diamond Head. News will be then telephoned into the city, and probably the triumphal arches and decorations will be taken down or draped in mourning.

Run on An Omaha Bank.

OMAHA, Neb., Jan. 22.—A run was made yesterday on the South Omaha branch of the Nebraska savings and exchange bank. The cause of the run is not known. The bank kept open till a late hour to pay all depositors in full. President John L. Mills says the bank is fully prepared to meet every obligation.

Train Wreckers.

BROWNSVILLE, Tex., Jan. 22.—Further particulars of the train wrecking and robbery on the Rio Grande road on the 19th inst. say that after securing the money the robbers blindfolded the passengers and train men forced them into a box car, locked them in and then left. The derailed coaches caught fire from the overturned locomotive, and but for the assistance of some farmers living near the scene the imprisoned passengers and trainmen would have perished in the flames. The sheriff and a posse of men are in pursuit of the robbers.

NEW EDITOR.

Rev. Carter Elected Editor of the Indiana Baptist.

MITCHELL, Jan. 22.—Rev. C. M. Carter, pastor of the First Baptist church at this place, was yesterday elected to the editorship of the Indiana Baptist at Indianapolis, the leading Baptist journal of the state, and also one of their first papers in this section of the country. This is indeed a high honor to Rev. Carter, he being a young man under thirty years of age. He is a graduate of Franklin (Ind.) college in 1887, of the Union seminary, of New York, and the Southern Baptist seminary, of Louisville, Ky. For the past two or three years he has been pastor in charge at this place, and has been one of the most successful pastors ever here.

HAS HE GONE WRONG?

Fred Fahlsing Leaves Town Without an Explanation.

Fred Fahlsing, a young man who for some time has acted in the capacity of collector for the D. N. Foster Furniture company, on Court and Clinton streets, has absented himself from the city under suspicious circumstances. He took with him bills and collected money belonging to his employers and left no explanation. The young man told his mother last evening that Mr. Foster wanted him to go to New Haven on a business errand. The woman inquired of Mr. Foster to-day and found that the boy had not been detailed anywhere and that he had not reported for work to day. A boy connected with the store said that young Fahlsing told him yesterday that he was going west, that he was tired of Fort Wayne. It is thought that the absent collector did not take a sum to exceed one hundred dollars, and perhaps not that much. It is presumed that the young man has not been choice enough in his associations of late. Naturally he is a straight-forward fellow and his action is to be regretted.

BONDS OF LOVE

Sealed by Marriage Unite Two Happy Hearts.

A very pleasant marriage service took place last evening at the residence of Mr. and Mrs. Daniel Harmon, on Brackenridge street. Stephen A. Northrop, of the Baptist Tabernacle, was present and performed the impressive right that united in the holy bonds of matrimony, Mr. Elwyn Case and Mary B. Cowgill. The bridegroom is a highly respected citizen of South Bend, where he has resided for many years. The bride is the much beloved daughter of Mr. and Mrs. Daniel Harmon, who have been for many decades residents of this city. The immediate relatives of the contracting parties were present, but they were sufficient to crowd the parlors, during the ceremony. The presents which covered and surrounded the piano, were numerous and elegant. The refreshments were of the very best; in fact, our reporter never fared better in his life. The entire affair from first to last was a pronounced success. Mr. and Mrs. Case leave the city to day for their new home at South Bend, with the well-wishes of hosts of friends and relatives, THE SENTINEL joining in the same.

After a Murderer.

DENVER, Col., Jan. 22.—A report comes from Silverton in this state, that Pedlewiski, the Pole who murdered the Russian General Silverskoff in Paris some months ago, was seen at that place recently. A man answering his description in every particular, arrived there on the train from Durango last Monday. He purchased a burro and a prospectors outfit and disppeared into the mountains. From remarks he dropped to some Russians and Frenchmen, the suspicion was created that he was the man so badly wanted in Europe. He was certainly well acquainted with Parisian localities.

To Re-open a Bank.

KANSAS CITY, Mo., Jan. 22.—A committee of local capitalists called upon the United States Bank Examiner Marshall yesterday and informed him that they were prepared to submit a proposition for the reopening of the American National bank. Mr. Marshall replied that if they would place their proposition in writing he would refer it to the comptroller of the treasury at Washington. A telegram has been received from Comptroller Lacey to the effect that such a proposition will receive his prompt attention.

Small Pox in Texas.

HOUSTON, Texas, Jan 22.—While the small pox is prevalent here it is not epidemic but the citizens near the pest house yesterday augurated in a shot gun quarantine on their own hook and neither state nor city officials can break through except at the risk of life. The matter is serious and the hot headed citizens will have to be convinced of their mistake before the blockade can be raised.

The Weather.

WASHINGTON, Jan. 22.—For Indiana: Light local snows; north-westerly winds; slightly colder.

KILLED HIS SON.

Liquor Maddens a Father and He Stabs His Son to the Heart, Causing Death.

ROCHESTER, N. Y., Jan. 22.—John Miller, a blacksmith living at 12 Hudson Park, went home drunk, last night, and was at once remonstrated with by his son, John Miller, for his idleness and neglect to support his family. The father attacked the son, and a desperate struggle ensued. Finally the father stabbed his son several times with a pocket-knife, from the effects of which the son died early this morning. Miller, who is under arrest, says he remembers nothing of the occurrence.

OCEAN VESSELS

Will Soon be Sailing from England Into Chicago.

DETROIT, Jan. 22.—About two years ago a syndicate was formed in London, whose object it was to build and operate a line of steamships to run from some point in England to Chicago, bringing over miscellaneous freight and carrying dressed beef and dairy products back. Nothing was done at that time, owing to the fact that Canadian canals would not accommodate ships drawing nine feet of water. Recently the shallowest canal has been so far improved as to afford a depth of over nine feet and now the project is being pushed with vigor, which indicates that the salt water ships may soon be steamed up and down the great lakes.

SMALL POX IN A LETTER.

A Benedictine Monk the Victim of the Scourge.

ERIE, Pa., Jan. 22.—Brother Charles, of the St. Benedictine order of priests, was stricken to day with small pox, and has been taken to the City hospital. Brother Charles was a teacher in the parish schools. His inoculation is attributed solely to the receipt of a letter, written by a brother priest from one of the small pox districts in Texas, about six weeks ago, as he had had no contact with the outside world for several months. The case is isolated, and there is no fear of any spread of the disease.

MISS ETHEL.

The Wily Adventuress Leaves an Interesting History.

TERRE HAUTE, Ind., Jan. 22.—Ethel Towne, the young adventuress, acquitted of forgery here on Monday, and who quitted this place, going west, turns out to be a girl of national reputation for shady transactions and history that reads like a romance. Inside facts, which have just come to light, show that the girl's real name is Louise Hage, that she was born in Brooklyn, N. Y., and that she is now about twenty-one years old. Her father Richard Hage, an expert forger, is now serving a life sentence for murder in a prison in the Republic of Brazil. The girl, now known as Ethel Towne, was with her father in that country at the time of the deed and sentence and the authorities sent her back to this country. Her mother, who was of a wealthy and respected family, is dead.

For a while the girl lived in Chicago, but she run away from that city four or five years ago with a man, and has since lived an adventurous and criminal career, fleecing prominent citizens right and left in many of the large cities of the country. At Omaha she made the catch of a very wealthy young man, who became infatuated with her and followed her nearly all over the country. She has had connection with several large newspapers in a reportorial capacity, doing special work, and this enables her to display a knowledge of journalism that does good service for her. It also turns out that she left St. Louis a year or so ago, on account of several bogus checks that she passed. She has gone under the names of Ella White, Ethel Towne and Helen Rogers. It develops that Harry D. Roberts, Ethel's pal in uttering the forgery, is now in jail in Chicago for bank burglary.

Double Tragedy.

SAN ANTONIO, Texas, Jan. 22.—Last night in the kitchen of Col. Martin's residence Bertha Gross shot and fatally wounded her lover, James Hartley, of the Third artillery. The shot took effect in Hartley's abdomen. The woman then shot herself, inflicting a wound that will probably cause death. They were lovers and engaged to be married. When Hartley called last night he told the woman he was going to separate from her and the shooting followed.

Farmers' Alliance.

COLUMBUS, Ohio, Jan., 22.—An indication of the strength of the Farmers' alliance in state legislation in Ohio was given yesterday. The state alliance yesterday morning sent a telegram to the general assembly asking the repeal of the law exempting manufactured products from taxation for one year after production. Before the house adjourned last evening the bill was passed with few dissenting votes.

Suicide Suspected.

ST. LOUIS, Jan. 22.—L. D. Hamilton, one of the oldest operators in the service of the Western Union telegraph company here, has been missing since January 15. For some time he has been addicted to drink, and it is feared that in a fit of despondency he has committed suicide by jumping into the river. Hamilton has a wife living in Ohio.

GEN. LONGSTREET.

He is Quite Ill at a Hotel in San Antonio, Texas.

SAN ANTONIO, Texas, Jan. 22.—Gen. James Longstreet is quite ill at a hotel in this city. He is suffering from a wound received in the civil war.

ILLINOIS SENATOR.

The Contest Between Palmer and Oglesby.

SPRINGFIELD, Ill., Jan. 22.—Fourth senatorial ballot: Palmer, 101; Oglesby, 100; Streeter, 3. No choice.

On motion of Taubeneck, the joint session adjourned until to-morrow. The vote was 103 ayes; 101 nays. The Farmers' Mutual Benefit association members voting with the republicans.

FATHER SORIN

Reappointed Postmaster at Notre Dame, Ind.

WASHINGTON, Jan. 22.—Father Edwin Sorin was to-day reappointed postmaster at Notre Dame, Ind., upon the recommendation of Professor Hoyne. The Notre Dame postoffice was established by Henry Clay and Father Sorin appointed by him as its first postmaster. Since that time there has been no change in the postmastership there, as Father Sorin has been acting continuously.

A LITTLE TILT.

In the House Between the Speaker and Mr. Enloe.

WASHINGTON, Jan. 22.—The senate met at 10 o'clock this morning, but no quorum appeared until 10:30. The question being on the approval of the journal, Mr. Aldrich proceeded to address the senate. He said that the the journal disclosed the fact it was the determined policy of democratic senators to prevent any legislation or action unless their wishes as to certain measures should be acceded to. The action of the minority was revolutionary, and would be resisted. Mr. Stewart inquired whether it was proper for the senate to violate its own rules.

Mr. Aldrich replied that that was a question he did not understand; but that it was cleary the right of the senate to change its rules. He then went on to enumerate the important bills pending in the senate which much be passed before the fourth of March. Mr. Harris said that unanimous consent would be given by the democratic side to proceed to the consideration of appropriation bills or any of the bills mentioned by Mr. Aldrich.

Mr. Aldrich—That is exactly what I have said. If we yield to the dictation of the minority and let it say what legislation shall be considered, everything is all right.

WASHINGTON, Jan. 22.—When Mr. Aldrich had concluded his remarks he moved that the senate proceed to the consideration of his resolution for a change of rules. A point of order was made that the unfinished business was the motion to correct Tuesday's journal. The vice-president said he would hear argument, and discussion is now proceeding on that point. Mr. Stewart argued strongly on the democratic side.

The vice president has ruled that Mr. Aldrich's motion to proceed to the consideration of the closure rule is in order and has over ruled the point of order that the question before the senate, was the motion to correct Tuesday's journal.

Mr. Harris appealed from the decision, but the chair was sustained; yeas, 35; nay, 30; Teller Wolcott and Stuart voting with the democrats.

Mr. Aldrich moved to proceed to consider his resolution and Mr. Gorman moved to table it.

The vice president has submitted the question to the senate and a vote is now being taken.

At the conclusion of the prayer in the house to day Mr. Rogers, (Ark.), raised the point that no quorum was present. The speaker counted 163 members, and directed the clerk to read the Journal. While the clerk was reading, Mr. Enloe (Tenn.), questioned the correctness of the speaker's count.

The speaker—"The chair overrules the suggestion, and the clerk will proceed."

Mr. Enloe—"Then I appeal."

The speaker—"There is no appeal whatever."

Mr. Springer, (Ill.)—"I demand the reading of the journal."

The vote resulted: yeas, 20, nays, 35. So the motion to table was lost, and the vote is being taken on Aldrich's motion to consider the closure rule.

The roll call was suspended on Ransom's point of order that the Journal of Tuesday showed that the matter had already been taken up. The chair overruled the point of order, and the democrats took an appeal.

The appeal was defeated and the chair sustained. Whereupon Gorman made a further point of order that Aldrich's motion must be written. The vice-president sustained this point.

Aldrich's motion prevailed; yeas, 36; nays, 32. Jones, of Nevada, joined with the democrats in opposing it.

AFTER LONG SERVICE.

Conductor T. J. Nixon Retires from the Grand Rapids and Indiana Railroad to Private Life.

After many years of faithful service, T. J. Nixon, the oldest conductor on the Grand Rapids and Indiana railroad, has tendered his resignation. To-day he made the last run, punched the last ticket and collected the last fare. Mr. Nixon helped to build this road, since which time he was in its continuous employ. He is one of the best known railroad men in this section of Indiana, there being hardly a traveler over the road who was not familiar with "Old Nix," and although his home is at Richmond, Ind., between which city and Fort Wayne was his route, he spent perhaps half of his time here at this end of his run, his headquarters being at the Aveline house. The familiar face and figure of Conductor Nixon will be missed from the ranks, but he will cherish many memories of his railroad life. There is an army of friends who will express to the veteran conductor their sincerest hope that, now, after so many years of active service he can retire on his competence to enjoyment and contentment in the sanctity of his home, and that the declining years of himself and estimable wife may be peaceful ones. The Pennsylvania company, in recognition of the faithful service rendered by men whose hair has grown gray in the service, sometimes retires them upon a pension. Although Mr. Nixon's retirement is voluntary on his own part it is likely that he will also receive the same honor, as the company esteemed him highly for his sobriety, his piety and accurate performance of duty.

J. M. Moritz, one of the proprietors of the Aveline house, said of Mr. Nixon: "He has boarded at our hotel for twenty years, and it was with deep feeling on both sides that he said good-bye, not only to Mr. Miller and myself, but also to the old attaches of the house, who had a great respect for him. I have heard from Mr. Nixon's own lips that he was a railroader for forty years. He was for a long time master of transportation of the Fort Wayne road. There is not a better man living, so far as principle and habits are concerned. I don't believe he ever tasted a drop of liquor in his life."

IN A DRIVING STORM

General Miles Reviews His Troops at Pine Ridge.

PINE RIDGE AGENCY, S. D., Jan. 22.—General Miles reviewed the troops this morning in the midst of a driving storm. The review occurred two miles south of the agency and all the troops participated except four companies of the First infantry.

Two girls ran away from the school house last night and two more this morning. The parents of the children now confined in the school house threatened to burn the building if the girls are not released.

BUYS HIS OWN COFFIN.

An Old Gentleman Makes Arrangements for His Funeral.

This morning an old gentleman named Henry D. Thorp, who resides with relatives on West Washington street, went to the undertaking rooms of Schenmann & Klaehn and purchased the coffin, in which, when he dies, he desires to be buried. He also purchased his burial clothes and arranged for the hearse and carriages which he wanted and paid for the same. Mr. Thorp is now eighty years old. He formerly resided at Maysville, but removed to this city some years ago where he has been living ever since in order to be near his children who reside in this city. Some days ago Mr. Thorp went to Maysville and purchased a lot in the cemetery there where he will be buried. He is eighty years old and is a gentleman of considerable means.

Mill Burned.

MAZEPPA, Minn., Jan. 22.—The oat meal mill and elevator belonging to E. M. Johnson, of Minneapolis, burned last night. The loss on the buildings is $60,000, and $50,000 bushels of grain were lost.

LA CROSSE, Wis., Jan. 22.—Fire last night destroyed the storeage warehouse of the Wisconsin lumber and manufacturing company. Loss, $28,000; insurance, $10,000.

Into an Open Switch.

LAREDO, Tex., Jan. 22.—The Azteo limited express of the Mexican National road, ran into an open switch near Golondrinas station last night. The engine turned over, killing Engineer J. W. Dehani, and fatally wounding Fireman H. Stafford. None of the passengers were injured.

Short in His Accounts.

SPRINGFIELD, Mo., Jan. 22.—It reported that County Treasurer John Baber, of McDonald county, is short in his accounts to the amount of $7,000. Babor is a democrat and has held the offices of county treasurer for twenty years.

Several Failures.

MONTREAL, Quebec, Jan. 22.—The failure of the big dry goods firm of McLachlan Bros. for $800,000 yesterday resulted in the failure of Lindsay Gilmore & Co. for $225,000. The assignment of these two firms, it is thought, is the beginning of a general clearing out by the Canadian banks of weak houses, and several other large houses are expected to go in the next few days

SHIPPING IN CORN.

The Cereal is too High in the Home Market.

Corn is being shipped into Fort Wayne in great quantities, the consignees being the principal grain and feed dealers and grocers. To-day Weighmaster Ryen was busy weighing the fast arriving consignments, the two latest being several car loads for W. E. Henderson and Joseph Hartman. "Corn is too high in the home market," said a dealer this morning, "and we can pay freight and have it shipped here cheaper than to buy right at home." Corn is retailing at sixty cents a bushel.

FIRE PROTECTION.

South Wayne People at Last Awake to Their Interests.

Last evening Messrs. Lyman and Norton made a practical test of their fire extinguishers in South Wayne, with good success. The test was made in the presence of the town officers and a large number of residents. An order for three dozen extinguishers was placed and at a meeting of the South Wayne trustees this evening further action will be taken in the way of fire protection. A bucket brigade will be organized and other means provided. The new chemical extinguishers are of the Miller patent, each one having a capacity for extinguishing a fire, that would equal ten barrels of water. The tanks are re-charged with the chemical at a cost of fifty cents apiece.

WIRE-BOUND OYSTERS.

How It Is Proposed to Furnish Them Here as Fresh as at the Seaside.

A prominent oystor house of this city received last week a consignment of oysters from Baltimore prepared in a way that is expected to revolutionize the oyster business in the west. Each oyster when taken from the water had had its shell effectually closed by a wire wrapper around it and clinched. The effect is that when the oyster reaches the west it has had no opportunity of opening its shell for air and water and spilling that part of the juice that gives it the best of its flavor.

It has been the universal custom for New Yorkers and Baltimoreans to claim that oysters in the west are tasteless; that nobody knows what an oyster tastes like who has not eaten them fresh from the shell at the seaside. It is now declared that this new method of preventing the oyster's opening and wasting its fragrance on the desert air will allow "fresh" oysters to be eaten in Fort Wayne as well as New York.

FATED SEAT.

Successor to an Ohio Senator on the Verge of the Grave.

SIDNEY, Ohio, Jan. 22.—An intimate friend of Senator Thompson, who was elected yesterday to succeed the late Senator Robertson, is authority for the statement that Mr. Thompson will not take his seat in the sixty-ninth assembly. Mr. Thompson is dangerously sick. A common slop bowl full of blood ran from his mouth. He is as weak as a child, and no one is permitted to see him. Should he recover it will be a least a month before he can leave his room, and his business affairs will then require a month of his attention, and that will be very close to the end of the session. Several friends of the senator have been summoned, and all fear the worst.

EVA HAMILTON.

Her Marriage With Robert Ray Hamilton is Void.

NEW YORK, Jan. 22.—Surrogate Ransom this afternoon decided that the marriage of Eva L. Hamilton to Robert Ray Hamilton was void, and that Eva is still the wife of Joshua J. Mann.

AMOS RICHEY DEAD.

After a Lingering Illness His Cares on Earth are Ended--His Death Occurred This Morning.

At 6 o'clock this morning Amos Richey died at his residence, 87 West Main street, after a lingering illness. The cause of his death was heart failure. The deceased was an old resident of Fort Wayne. In 1857 he connected himself with the hardware house of Morgan & Beach, with whom he remained until 1865, when he went to the war. After serving his country he returned here and established a hardware business in partnership with Mr. McCullough, their store being where Joseph Storms' store, on Columbia street, is now situated. He was identified with the business about twelve years, when he retired and entered the employ of the G. W. Seavey hardware company as a traveling salesman. Leaving this, he again engaged with Morgan & Beach three years ago, and was connected with that firm up to the time of his death. The deceased was a little past fifty years old, and leaves a widow and five children, two sons and three daughters, as follows: Amos and Nelson, Effie, Birdie and Nellie, all unmarried. Mr. Richey, although an ex-soldier, did not belong to the Grand Army.

CAMPBELL'S AIR-SHIP.

Is to be Brought to Fort Wayne and Will be at Geary's Museum.

Some days ago the Gazette announced that Prof. Campbell was desirous of bringing his air-ship to this city, having written letters here to that effect. The fact scarcely came to the notice of Manager Geary until he began a communication with Prof. Campbell, and the result is that last evening he received a telegram from him announcing that he accepts the engagement and will arrive Sunday night or Monday morning.

The ship will be a great curiosity to the people of this city and will doubtless be visited by large crowds.

LOCAL LINES.

Gottlieb Nieman is somewhat better.

Dr. Boyer, of LaOtto, is in the city.

Dr. Caldwell is able to be out after an illness.

The National Union will hold a regular meeting this evening.

William Adams and Sophia Felger have been licensed to wed.

There was not a case before the justices of the peace in this city to-day.

Justice Wilkinson to-day married David Stauffer and Jane E. Ireland.

Philip Zuber has sold to Gerhard Herber 16 Fletcher's addition, $1,500.

Miss Clara Piepenbrink will entertain friends at her West Washington street home this evening.

Samuel Lehman, the paper hanger, will open up a wall paper store in the Harrington block on Fairfield avenue.

Misses Annie, Katie and Alice Vordermark will chaperone a party to the Taylor farm on the New Haven road to-morrow evening.

The interest in the revival services at Wayne street M. E. church is daily increasing. Several came into the light last night. Service this evening. All are welcome most cordially.

Frank Snyder arrived in the city from Detroit to day. Mr. Snyder was formerly of this city, having been employed by Maurice Cody. He is on his way to Port Townsend, probably to locate.

J. H. Stotsenberg, of New Albany, has secured a pension for Wm. Veech, who was a prisoner in Libby, and when last heard of, several years ago, was arrested and convicted at Indianapolis for car robbery.

Some miscreant egged a belt line street car last evening. The passengers included a number of representative gentleman and it is thought to be spite work. One of the windows of the car was broken.

Michael Singleton, of 33 Baker street, received the sad news of the death of his brother-in-law, Michael Cummings, of Chicago. His wife and Phil Singleton and Mrs. Philip Lordier left on the noon train for Chicago to attend the funeral.

Miss Dora Bryant, of Stanton, Mich., was the guest of her father-in-law, W. H. Bryant, and wife, of West Creighton avenue, to-day. She is en route home from Antwerp, Ohio, where she has been at the bedside of her sick mother.

The Loyal Temperance Legion of Fort Wayne elected officers as follows: President, Tillie Potter; vice-president, Charlie King; secretary, Daisy Beaber; librarians, Effie Grund and Lola Conover; organist, Laura Bradley. Mrs. James E. Graham, in a communication, says that this school meets every Sabbath at 3:45 p. m., and for a few months past has been existing under difficulties. The leader has been ill and her duties have devolved upon one who feels very deeply her inefficiency, both physically and mentally, to proceed with the work. Wood and other help is appealed for. The co operation of our ministers is also asked to help the work along. The meetings are held in the W. C. T. U. headquarters, on Harrison street.

THE prohibitionists are preparing for an aggressive campaign in 1892.

BILLS have been introduced in both branches of the Wisconsin legislature providing for the repeal of the Bennett law.

DR. JACOB H. GALLINGER was elected United States senator by the New Hampshire legislature to succeed Senator Blair.

THE Mayor of Goshen has issued a proclamation that saloons must close at 11 p. m., and that the Sunday liquor law must be observed.

GIL PIERCE, a newspaper man formerly of Chicago and well known in Indiana, was re-elected United States senator by the legislature of North Dakota.

MANY of the prominent dentists of this city met at the office of Dr. W. W. Shyrock and formed a city dental association. A constitution and by-laws were adopted. Dr. S. B. Hartman was elected president, and Dr. M. A. Mason, secretary.

IT is reported that a natural gas trust is being formed, and that the action of the gas company at Columbus, Ohio, recently in shutting off the supply on the plea that the wells were exhausted was a part of a scheme to extort higher prices from consumers.

FORT WAYNE has a candidate for the position of director of the Northern Indiana prison, located at Michigan City. It is A. J. Moynihan, editor of the Journal. Mr. Moynihan is at Indianapolis looking after his chances. The officer is chosen by the legislature. The position is worth over $1,000 a year and only occupies part of the time of the incumbent. He is required to make occasional visits to the northern prison.

PRESIDENT HARRISON has received a package from Hon. Wm. Walter Phelps United States minister to Germany, containing five vials of Dr. Koch's lymph. The minister sent them as a personal gift. The president has distributed them as follows: Two vials to Dr. Hamilton, supervising surgeon general of the marine hospital service, and one vial each to the Policlinic hospital of Chicago, the charity hospital of New Orleans and the Indianapolis city hospital.

S. S. GORBY, state geologist, in his forthcoming report, presents some interesting information about natural gas. He finds that the field covers about one-seventh of the state's surface, and thinks this field is one vast connected reservoir. He says the natural waste of gas, besides its consumption, is greatly in excess of the amount generated, and hence the exhaustion is only a matter of time. Petroleum and gas, the report says, have a common origin, and petroleum is doubtless being decomposed to generate gas.

THE meaning of a "cold wave" is generally misunderstood. When the weather bureau telegraphs that a cold wave is coming people expect a blizzard or a rapid freeze. A cold wave is a fall of temperature in twenty-four hours of twenty degrees over an area of 50,000 square miles, the temperature in some part of this area descending to thirty-six degrees. If the mercury is at 40 degrees above zero, as it often has been this winter, and a cold wave is announced, the minimum fall of the mercury would be 20 degrees above zero. If that fall is gradual the change is not so disagreeable as a cold wave is supposed to bring.

THE stockholders of the Mount Carmel Aerial Navigation Company, who are manufacturing the air ship of E. J. Pennington, have paid in a ten per cent. assessment on the capital of $20,000,000. The stockholders express themselves as satisfied with the condition of affairs and with the progress being made by the inventor, E. J. Pennington. The latter explained to them that his only object in allowing any one to exhibit a model of the air ship was to demonstrate to the public the truth of his theory while the larger machine was being constructed.

IT is stated that when Governor Hill takes his place in the United States senate, he will open headquarters and manage his own presidential boom.

IN the house of representatives at Washington 1,170 petitions have been presented against the force bill and only five for it. In the senate 523 petitions against it have presented and four for it. This makes a total of nine petitions for the bayonet measure and 1,693 against.

AMONG the bills already introduced in the legislature is one providing a bounty of one cent each for the killing of English sparrows. In some parts of the state these pests do great damage to growing crops. Every state in the union will have to make war on them in order to exterminate them.

MAJOR CALKINS, a former well known republican politician of this state, was a candidate for United States senator at the election in the legislature of the state of Washington, which occurred Tuesday, but was defeated, and he no doubt owes his defeat to charges of bribery made against him. Just before the vote was taken Representative John L. Metcalf arose and said: "Gentlemen of the Legislature of Washington: I hold in my hand $500 which was handed to me by Harry A. Clarke, of Spokane Falls, with the express understanding that I cast my vote for W. H. Calkins for United States senator." For several seconds silence prevailed throughout the hall. Metcalf sent the roll of bills to the speaker and then resumed his seat. Senator Squire's supporters then began cheering, and it was some moments before the speaker could restore order. Finally a motion was carried appointing a committee of five to investigate the charge of bribery. When the vote was taken Calkins only received fifteen votes.

THE LEGISLATURE.

In the house yesterday Mr. Oppenheim introduced a resolution for the appointment of a committee to investigate the office of state treasurer Lemoke who is charged with loaning the money of the state. The resolution recites the section of the Indiana statutes, which provides as follows:

"The treasurer of state is expressly prohibited from loaning, using or permitting any other person to use or deposit in any bank, or with any person or persons, or exchanging for other funds except as permitted by this act, any of the moneys, funds, stocks or other property collected or received by him, or that may be paid or received into the state treasury; but shall safely keep all such moneys, funds, stocks and other property until the same is directed to be paid out or transferred in the manner prescribed by law. And such treasurer is expressly prohibited from receiving, in any manner, for his own use, any interest, premium, gratuity, bonus or benefit whatever, by the disposition of or arising out of any money or property belonging to the state, or to any county, or to any fund of the state or counties, or of any loan obtained for the state for any county; but whatever is so received shall, by him, be fully accounted for;

Therefore, be it resolved, That a committee of three be appointed by the chair to investigate and report whether any examinations have and report whether any examinations have been made of the state treasury by direction of the governor as required by section 5644, as above, and if so, whether certificates showing the condition of the treasury at the time of such investigation are on file as required by law:

That the said committee proceed forthwith to the state treasury and make a complete and thorough examination of the same and count all moneys therein, as contemplated by the said section 5644 of the revised statutes, and report the results of such examination and count to this house:

A considerable portion of yesterday afternoon's session of the house was devoted to the discussion of the Erwin bill, providing that grand juries should have jurisdiction only over felonies, and eventually it was recommitted to the judiciary committee with instructions to report some plan to lessen the expense of the grand jury system. Bills were introduced by Mr. Cullop: Fixing railroad fares at two cents per mile. By Mr. Curtis: To compel foreign loan associations to deposit with the state treasurer securities to the amount of $200,000, and by Mr. Claypool: Compelling managers of state institutions to purchase native live stock for food consumption.

Mr. Thienes introduced a bill making the first Monday in September, Labor Day, a legal holiday, which was referred to the committee on labor.

Mr. Branstetter introduced a bill prohibiting the use of tobacco in churches, school rooms and public halls, which went to the committee on temperance.

Representatives Fowler, of LaPorte county introduced a bill in the house, providing for bank inspectors. The judges of the circuit court for each judicial district in the state shall, according to the bill, within sixty days after the taking effect of the act, appoint some disinterested and competent person residing within his judicial district to be such inspector, subject to the approval of the governor, to hold office four years, unless removed for incompetency or neglect by the judge, who is given this power. The inspector shall be paid $5 a day for the time spent in such examinations and mileage at the rate of ten cents a mile. Banks are to be required twice a year to publish verified reports showing their general condition, liabilities and assets.

PUTTING UP THE AIR SHIP.

The Chicago Exposition Building Leased for Pennington's Invention.

(Chicago Post.)

Great bodies move slowly, but Pennington's air ship is getting in readiness. The great box containing the machine was stored yesterday in the art gallery of the exposition building. This morning Mr. Pennington and Mr. Fanning met secretary Reynolds and Treasurer Pearce, of the exposition company, to close a contract for the building. The first step being the consent of the mayor, Mr. Pennington presented Mayor Cregier's license to exhibit the air ship in the exposition building until February 25. The building was then leased to Mr. Fanning for this purpose for an indefinite time.

As soon as the contract was closed Mr. Fanning began to move oil stoves into the art gallery, which has to be heated before the buoyancy chamber can be inflated without cracking the varnish. The work of unpacking the machinery and putting it together has already begun, but will consume three or four days. When put together the stanchions of the folding doors will be swayed away to permit its removal into the large room. The airship will then be exhibited first of all and privately to the representatives of the press and then to the public at a low admission price.

In conversing on the subject Mr. Pennington said that his invention had been just as much written about in the European press as in the press of this country. One effect of this was that a short time ago he was waited on by a committee of Russian Jews who had come all the way from Europe to buy one of his ships with the avowed purpose of sailing over the czar's palace and dropping a can of dynamite on it.

SEEKING TRUTH.

A Correspondent Skeptical in Matters of "Occult Science."

EDITOR SENTINEL:

I read with some interest in THE SENTINEL of January 15, 1891, the article headed, "Reached Fort Wayne," which treats of "occult science." In reading over the list of "giant intellects of the the nineteenth century," as given at the close of said article, my memory was awakened as I read that of Hon. Robert Dale Owen, and the name of another "giant intellect of the nineteenth century," suggested itself—Katie King. If this name is not familiar to any of your readers, let them turn to the files of the Atlantic Monthly, and in the number for January, 1875, they will find an article entitled: "Touching Visitants From a Higher Life," in which Mr. Owens gives an account of his interviews with the said Katie King, and when they have read the article let them remember that Mr. Owen was simply duped and imposed upon and Katie King a very clever fraud.

Now, I am very anxious for some student of occult science to tell me how it is that a man of such intellectual ability as Robert Dale Owen can be so easily imposed upon. And the query also arises in my mind as to whether the parties who are holding meetings in these West Wayne street residences may not be as easily imposed upon as was Mr. Owen, and I am further anxious to know how we are to avoid confounding "with a crowd of fanatic spiritualists" persons who are engaged in slate writing, table tipping, etc.

Josef Barngarst, who came to this country nine years ago, was found dead in the mountains of New Jersey recently. His was a strange life.

He was a man of liberal education, and has been a prominent instructor in the schools of his country, but by the faithlessness of a brother his home was wrecked and his property was lost, and, partially demented by the blow, he surrendered himself to strang day-dreams of future wealth and happiness, and devoted his years to a search for fortune. After landing in America he obtained employment at a hard-rubber manufactory at Butler, N. J., but had worked there only a short time when heartless jokers, to whom he confided his precious metal fancies, encouraged his insane fancies by assurances that great deposits of gold existed in the mountains of Northern New Jersey. Goaded by these false hopes he soon deserted his workshop bench and spent month after month in exploring the woodland region of the hills of Morris, Hunterdon, and Sussex in search of the coveted yellow metal that should restore him to luxury.

He became a familiar character throughout the section, but last spring he was lost to sight, and after a month or two of idle speculation the "Crazy Gold Hunter" was well-nigh forgotten, though occasionally the simile "as patient as Barngarst" would be revived among the country people, who had been greatly impressed with the German's faith, perseverence, and smiling good nature in prosecuting so persistently a fruitless task. Friday several young men out hunting for seasonable game happened across his whitened bones, lying beside a dead and fallen tree, in a deserted spot in the mountains near Boston. Beside the remains were some stones that glittered with mica, a watch bearing Barngarst's initials, and two gold dollars.

Even his death was not to be without its tinge of pathetic romance. Scarcely had his skeleton been found when his wife appeared with the news that his old family honor and fortune had been restored. She had just come to America to tell him the glad tidings. Coroner Hazen, of Morristown, decided that an inquest was unnecessary, and gave the remains into the wife's charge to be taken to Germany.

How to Kill Your Town.

Buy of peddlers as often and as much as possible.

Denounce your merchants because they make a profit on their goods.

Make your own town out a very bad place and stab it every chance you get.

Refuse to unite in any scheme for the betterment of the material interests of the people.

Keep every cent you get and don't do anything of a public nature unless you can make something out of it directly.

Tell your merchants that you can buy goods a good deal cheaper in some other town and charge them with extortion.

If a stranger comes to your town tell him everything is overdone and predict a general crash in the town in the near future.

Knife every man that disagrees with you on the best methods of increasing business.

When you have anything to say of your town, say it in such a way that will leave the impression that you have no faith in it.

Patronize outside newspapers to the exclusion of your own, and then denounce them for not being as large as the city papers.

If you are a merchant, don't advertise in the home papers; buy a rubber stamp and use it. It may save you a few dimes and make the paper look like it was printed in a one-horse town.

If you are a farmer, curse the town where you trade as the meanest place on earth. Talk this to your neighbors, make them think the business men are robbers and thieves. It will make your property much less valuable, but then you don't care.—*Exchange.*

Sure About One Thing.

C. W. Couldock, the veteran actor, talking one day to a couple of friends of some experience on the road, told this story: A number of persons were standing in the bar-room of a hotel when a typical frontier cowboy, in red shirt and sombrero, with dapper boots, entered and insolently demanded a glass of beer. The bartender, a quiet, inoffensive looking fellow, filled the glass and set it before him.

Taking it up with a swaggering howl he dashed it in the bartender's face and remarked:

"I want you to understand that I am a blankety-blank son-of-a-gun from Texas."

The bartender picked up a towel and, while he was slowly wiping his face, answered:

"I knew what you were, but I didn't know where you were from."—*New York Press.*

A River, By Order of the Colonel.

Captain Charles C. King tells the following neat military anecdote: "There was a subordinate officer, inclined to hair-splitting, who had received orders from his Colonel to put his battallion in camp on the other side of the river, facing east, and he did not. Presently the Colonel saw that his orders were not being carried out, and not being in a mood for direct inaction, he put spurs to his horse, dashed through the stream, and reigned up alongside of his victim with, 'Didn't I order you, sir, to put your battallion in camp along the river, facing east?' 'Yes, sir; but this ain't a river, it's only a creek.' 'Creek be hanged, sir; it's a river—a river from this time forth, by order, sir. Now, do as I tell you.' There was no further delay."

A Monster Slab.

Probably the most remarkable piece of bluestone ever quarried in this country and brought safely to tidewater is now at Wilbur. It is twenty feet long by twenty-four feet nine inches, ten inches thick, and weighs over twenty tons. It was taken out of a quarry near Kingston, and by its side the celebrated slab in front of the Vanderbilt mansion in New York, which is fifteen by twenty feet and eight inches thick, is shorn of much of its glory. This monster stone is so large that it may have to be cut in two for a buyer, which will detract from its actual value about 20 per cent. In its present shape it is practically dead money to its owners, as it is larger and wider either way than any sidewalk in America.

Girls who use SAPOLIO are QUICKLY MARRIED

SAPOLIO is one of the best known city luxuries and each time a cake is used an hour is saved. On floors, tables and painted work it acts like a charm. For scouring pots, pans and metals it has no equal. If your store-keeper does not keep it you should insist upon his doing so, as it always gives satisfaction and its immense sale all over the United States makes it an almost necessary article to any well supplied store. Everything shines after its use, and even the children delight in using it in their attempts to help around the house.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

TIED UP!

The Strike on the Chicago and Erie Railroad--The News from the Busy Centers.

HUNTINGTON, Ind., Jan. 22.—The Chicago and Erie road is tied up as tight as a hard knot. No trains were run yesterday except mail, and they only had mail cars. Conductors and dispatchers are all out. An attempt was made by the company to run two passenger trains with new men last evening, but stikers boarded them, put on the air brakes, and stopped them. After trying for more than an hour, the attempt was given up, and the trains were backed into the yard.

CHICAGO, Jan. 22.—While the Chicago and Erie railway is seriously crippled by the strike of the train dispatchers, operators and a few conductors of the Chicago division, it cannot be said that the strikers have gained anything by the serious stoppage of traffic.

CLEVELAND, Ohio, Jan. 22.—Chief Arthur, of the locomotive engineers, said the engineers had no grievances against the Chicago and Erie road, and it was very unlikely that they would strike to assist the men now on a strike on that road.

THE DAY'S NEWS.

Wm. Bruns, of the Bass boiler shop, is suffering from a gash cut in his wrist.

F. Kaiser, of the Bass boiler shop, is absent from duty on account of sickness.

J. Larimore, fireman on the Fort Wayne road, is absent from duty on account of sickness.

Gust Hobrock, of the American wheel works, received a badly mashed finger while on duty yesterday.

A. R. Swetzer, formerly a fireman on the Nickel Plate road, has accepted a position at the electric light works.

Eugene Polly, of the electric light works, is suffering from being bit on the head with a heavy piece of wood.

R. S. E ans, manager of a firm at Baltimore, Md., has been in the city a few days on business with the Kerr Murray works.

Robert Meese, formerly of the Kerr Murray works, who was at Kendallville and Grand Rapids for some time, is in the city.

J. V. Gruber, of the machine department of the Kerr Murray works, left yesterday for Lafayette to do some repair work for the firm.

Invitations are being sent out for the ball which will be given by the Electric club in their hall next Thursday evening. It will be a private affair.

Joseph Fordie, of the Muncie machine shop, has returned from a trip to Adrian, Mich., where he was called to the bedside of his mother who was very ill.

A. Benedict, of the Pittsburg machine shop, was obliged to leave his work yesterday, on account of receiving injuries to his foot by a heavy piece of iron falling on it.

James Cullen, operator and ticke agent of the Fort Wayne road, at Convoy, Ohio, and Wm. Haley, also an operator on the same road, were in the city last evening.

The new hospital of the Wabash road, located in Moberly, Mo., will be opened by the employees February 5, 1891. It is a large building and will be for the use of the men employed on the road.

M. C. Kimball, traveling freight agent of the Mackinaw route with headquarters at Grand Rapids, who has been here a few days on business with the Kerr Murray works, has left the city.

Fred Bierbaum, George Anderson, Sherman Sminehart, Samuel Brownsberger, Thomas Underwood, Meric Kramer and H. Kelley have accepted positions in the different departments of the electric light works.

W. B. Leeds, superintendent of the Richmond division, Pennsylvania lines, is one of the youngest men in his position in the United States, but he has had an excellent training, and well understands his business. He is not yet thirty years of age. When he was in the engineering department and working on what was known as the Red Bank extension, he walked ten miles to his work every morning, labored hard all day, and then walked back ten miles for supper. He didn't attend many dances or merry-makings while at that job.

Foreman Frank Bouoy, of the Bass boiler shop, left this morning for a business trip to Muncie.

Engineer Isaac Olem, of the Grand Rapids road, is absent from duty on account of the illness of his wife.

Fred Nohrwold, Fred Baumeister and Ed Slater, of the Bass moulding rooms, have resumed their positions after a few days' absence.

The Bob O'Link club, of which many of the boys in the shops are members, will give a grand ball at the Standard hall this evening.

John Murphy and Henry Daseler have resumed their positions in the Wabash shops after a few days absence on account of illness.

Bruno Meyer, of the moulding department of the Bass works, is absent from duty to-day to attend the funeral his friend Wm. Stellhorn.

Henry Guth, of the Bass moulding rooms, has been absent from duty a few days on account of an attack of la grippe. He is recovering.

H. C. Glenn, superintendent of the Van Wert gas light company at Van Wert, Ohio, was in the city yesterday a guest at the Kerr Murray works.

John King, during the few days absence from duty in the Bass moulding rooms, has been holding the reins over a splendid horse attached to a delivery wagon.

Trains on the Fort Wayne road were delayed four hours yesterday on account of a broken rail on the eastern division near Douglass station, which derailed a freight train.

C. A. Hartman and Harry Beers, of the electric light works, have pooled their interest in a dairy farm and expect to have a corner on Jersey milk next summer.

John F. Vallery, traveling freight agent of the Chicago, Burlington and Quincy railroad with headquarters at Chicago, has been in the city a few days on business.

The fire department made a run to the American wheel works about 4 o'clock this morning, where a pile of shavings had become ignited. The damage was slight.

General Manager Williams and several of the officers of the Nickel Plate road, at Cleveland, Ohio, passed through the city last evening in a special train, bound for Chicago.

Max Klaus, of the car wheel department of the Bass works, is absent from his work on account of the sickness of his child, and Alex Buhrer, of the same department, is off duty on account of the sickness of his wife.

The master mechanics of the Pennsylvania company, who were in the city holding a meeting in the office of Superintendent of Motive Power Casanave, have returned to their homes. Much important business was transacted.

The Pennsylvania Voluntary Relief department of the lines west of Pittsburg has been in existence eighteen months and during that time paid out in benefits $116,000; in disablement benefits, $139,142, making a total of $255,142 disbursed during the first year and a half of its operations.

At Dayton, Ohio, R. D. Marshall, as receiver, sold the Dayton, Fort Wayne and Chicago railway at auction for $1,454,000 cash to Eugene Zimmerman, of Cincinnati, and C. W. Fairbanks, of Indianapolis, who represented owners of a majority of the owners of a majority of the Cincinnati, Hamilton and Dayton railway stock. Ninety-six miles of the road is narrow gauge, and 163 miles to Ironton, Ohio, is standard gauge, through the coal fields to Ironton, on the Ohio river. Before the sale proceeded attention was called to two liens on the road in dispute, one being the claim of the Grant locomotive-works, of Paterson, N. J., and one a suit for damages for personal injury.

Physicians Have Found Out

That a contamination and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub cutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous, chalky deposit, which produces stiffness and distortion of the joints. No fact, which experience has demonstrated in regard to Hostetter's Stomach Bitters, has stronger evidence to support than this, namely, that this medicine of comprehensive use checks the formidable and atrocious disease, nor is it less positively established that it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for malarial fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

What a Change

Is wrought in people who suffer from rheumatism when they take Hood's Sarsaparilla. The acidity of the blood, which causes the disease, is neutralized, the blood is purified and vitalized, the aching joints and limbs rest easily and quietly and a feeling of serene health is imparted. Hood's Sarsaparilla has accomplished wonders for thousands subject to rheumatism. Try it yourself.

Lafayette has costly waterworks, but continues to be served with muddy water.

Allow me to add my tribute to the efficacy of Ely's Cream Balm. I was suffering from a severe attack of in and catarrh and was induced to try your remedy. The result was marvelous. I could hardly articulate, and in less than twenty four hours the catarrhal symptoms and my hoarseness disapeared and I was able to sing a heavy role in Grand Opera with voice unimparied. I strongly recommend to all singers.—Wm. H. Hamilton, Leading Basso of the C. D. Hess Grand Opera Co.

Eupepsy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you Good Digestion and oust the demon, Dyspepsia, and install instead, Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and $1.00 per bottle by Dreier & Bro., druggist.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial*, or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."

To avoid the ill effects of Tea and Coffee, use constantly VAN HOUTEN'S COCOA, which STRENGTHENS the NERVES, is a refreshing and nourishing beverage. 162

COFFEE, COFFEE—Green and Roasted Java, Mocha and Rio.

The Coffee market is still held firmly by the speculating combination who has controlled it the last two years, and since our last circular there has been little change in prices, yet a large decline is looked for. In consequence of large receipts of Coffee at Rio and Santos. At present we have reduced the price on Rio one cent per pound.

Best Rio Coffee, 22c. lb. Roasted Rio, 25c. lb.
Old Govt. Java, 28c. lb. Roasted Java, 33c. lb.
Roasted Mocha, 35c. lb, Sampson Coffee in 1lb Packages, 26c.
Levering's Coffee, 26c. lb.

The Tea market all grades of Teas, both Chinese and Japanese remain at former prices, but they are extremely low when the high price of Coffee is considered, and it is safe to say the high price of coffee has induced a large consumption of Tea, as the price of a pound of 20c. Tea is no more than a pound of coffee and it will go twice as far. We sell a most excellent Tea at 20c. lb, and the very best at 50c. lb. Our motto in Teas is purchasing in large quantities from first hands and sell direct to our customers, thereby saving them the profits of the Jobber, Speculator and Wholesale Dealers, which is at least 15c. We have a package Tea in 1lb Packages we sell at 15c.

Extra Young Hyson Tea, 20c.; good, 30c.
Very best Young Hyson in market, 50c. lb.
Gunpowder Tea, extra, 30c, best, 50c lb.
Oolong or Black Tea, good quality, 25c.; best, 50c. lb.
Imperial Tea, excellent quality, 30c; best, 50c lb.
English Breakfast, extra fine, 30c.; best, 50c. lb.
Japan Tea, very fine, 30c; best, 50c lb.

CALIFORNIA FRUITS, CANNED AND DRIED.

Our home market on fruits is so bare this season that California fruits are in great demand. Besides, they are the most desirable goods. Our California goods we purchased before the advance, hence our customers will have the advantage.

California 3 lb. can Peaches, 25c can; California 3 lb. can Pears, 25c can; California Green Gages, 3 lb. cans, 15c can; California Egg Plums, 3 lb. can, 20c can; California 3 lb. cans, Apricots, 20c. can; Dried California Nectarines, Peeled Peaches, Silver Prunes, California Dried Apricots, 17, 20 and 35c. lb.

OILS—All Kinds Reduced 10c Gallon.

Machine Oil, Linseed Oil and Lard Oil—Choice Yellow Machine Oil, 20c and 30c gallon; Neats Foot Oil, 70c gallon; Fish Oil, 60c gallon; Lard Oil, 60c gallon; Linseed Oil, 75c gallon; Castor Oil, $1.50 gallon.

Maple Syrup, Golden Drips and New Orleans Molasses Reduced.

Extra Golden Drip, 40c gallon; New Orleans, 30c; best, 50c. Choice Maple Syrup, 80c gallon; Sorghum, 45c gallon.

FISH—SALT WATER AND LAKE FISH.

White Fish, Trout, Mackerel and Labrador Herring; also, Codfish and Smoked Halibut. Family White Fish kits, 55c; No. 1 White Fish kits, 90c; Mackerel in kits, best, $1.40. Herring, 1c each; Holland Herring, kegs $1.00; Scotch Herring, kegs $1.20.

PLUG TOBACCO AND SMOKING TOBACCO 2c. LOWER.

The tax of 2c per pound is taken of all kinds of Tobacco and took effect January 1st, hence we have reduced all our grades in proportion 2c. per pound.

Horse Shoe, 43c.; J. T., 36c. Fine Cut, 28c.; choice, 48c.; best, in market, 73c. Smoking Tobacco, 15c.; extra, 18c.; Durham Smoking, 43c. Cigars; we have many grades ranging from 50c., 80c., $1.00 and $1.25 per box.

Wines and Liquors for Medical Purposes.

Sweet Catawba, $1.00 gallon; Port, $1.25; Blackberry, $1.25; Angelica and Muscatel, $1.25; Kuemmel, $1.50; Bourbon Liquor, $1.00; 2-year, $1.25; 3-year, $1.40; Monongahela, $1.75; Old '76, $2.50. Wines and Liquors in Bottles, 25c., 40c. and 50c. Pure Alcohol, full proof, $2.50 per gal.

Since moving to our new store our trade has increased beyond our expectations. This is accounted for by the fact that we have more room to display our goods and attend to the wants of our customers.

Frank Voirol, the Veteran Watchmaker, Falls Down a Stairway.

Frank A. Voirol, the veteran watchmaker and father of Frank J. Voirol, the jeweler, is confined to the bed with very severe and painful injuries received by falling down a flight of stairs. In the middle of the night Mr. Voirol imagined he heard some person in the store at 244 Calhoun street, over which he resides, and cautiously he started to investigate, when in the dark his foot slipped and he was precipitated head-long to the bottom. Being a heavy man the force of the fall was much greater than it would have been to a person of lighter build. Members of the family hastened to Mr. Voirol's side to find him unconscious and he was tenderly carried to his room, where a physician made an examination, finding three ribs broken and severe contusions. It is thought that no internal injury was received. An investigation at the time of the accident showed that no person had entered the store as Mr. Voirol had fancied.

THE MAYORALITY CONTEST.

The Name of Hon. Montgomery Hamilton is Being Talked Of.

The interviews published in THE SENTINEL last evening under the headlines "Who for Mayor" excited no little interest, as it was the first announcement of who the candidates for the office would be at the ensuing city election. The office of the mayor of Fort Wayne, with its 40,000 inhabitants and the metropolis of Northern Indiana, is one of considerable magnitude and importance and should be filled by a good man. The city is reliably democratic, but two years ago Mayor Harding, the republican candidate, was successful at the polls. He will probably be a candidate for re-election. He can be defeated if the democrats are wise in their choice of a candidate. The nominating election is more than two months away, but it is not too early to be looking about for good timber, hence THE SENTINEL last evening mentioned the names of some of those who would compete for the honor. The list was not complete and other names were suggested to a SENTINEL reporter last evening as among those who might enter the race. Among the number was that of Hon. Montgomery Hamilton. Our newspaper man called at his residence and broached the subject to the ex-councilman.

"Really," replied Mr. Hamilton, "I have scarcely thought of the matter. Yes, I saw your interviews in THE SENTINEL. The names there mentioned are all those of good men. Any one of them could be elected."

"Are you a candidate?"

"No," was the reply, "I wouldn't care to make the canvass."

"But you would accept if the nomination was tendered you?" asked THE SENTINEL.

"Oh, I might do that, but I am not a candidate in the sense of wanting the office. If I should be nominated I would consider it an honor and would probably accept, but I do not care for it."

During the course of a conversation on general topics which followed the reporter questioned Mr. Hamilton concerning the next congressional race and he announced positively that he would not be a candidate for the nomination. He did not care for office, preferring the retired life, engrossed with private business, that he is now leading. He was a member of the city council in 73-74 and again from 76 to 80, and was considered at that time one of the best posted men on city finances in the council, being for most of the time the chairman of the finance committee. His name is being talked of as a candidate for mayor and it will require a positive refusal from him to take it out of the list.

TREATED FREE.

Doctors E. L. Siver and George C. Stemen Establish a Free Dispensary.

Within a few days there will be established in this city a free dispensary, where a corps of medical men will at certain hours administer to the sick and afflicted subjects who are not prepared to pay a fee.

The fathers of this new feature are Dr. E. L. Siver and Dr. George C. Stemen. They have already engaged rooms on the third floor of the Schmitz block, where at certain hours physicians will be at the dispensary to wait upon the sick. There will be specialists and other physicians on the staff, all of whom will render their services free. A SENTINEL reporter called upon Dr. Stemen, and that rising young professional man said:

"There is not a city in the United States the size of Fort Wayne that has not got a dispensary for the purpose of treating the sick who are unable to pay. It is high time that one was established here."

"Did not Fort Wayne once have a free dispensary?" asked the reporter.

"Yes; formerly there was such an annex to the Fort Wayne medical college, but since the institution was merged with the Taylor university, the feature has been abandoned."

"How do the promoters and supporters of a free dispensary derive benefit from the same?"

"Financially they do not receive any benefit, but in the practice they do. It is a good thing for the profession as well as the patient."

CLEAN UP.

Health Officer Metcalf Will Enforce Strict Sanitary Rules.

Health Officer S. C. Metcalf will soon issue an edict for the cleaning up of alleys and heaps of filth and debris. He says he will enforce his orders to the letter. The doctor said to-day: "I intend to be very strict in the health matter, and intend to go right ahead without fear or favor. I shall make a fearless attack upon neglectful people." The doctor is pursuing a course that will meet with the endorsement of the people, and the more frequently he pokes his nose against an obnoxious smell the better it will probably be for public health.

Commencing at the Nickel Plate track the territory covered will be between Lafayette and Harrison streets, and it will extend to the Pennsylvania tracks. This will be attended to first, the less thickly populated district afterwards. Persons found throwing slops into sewer sand pits will be prosecuted. All slops must be kept in covered barrels and hauled away. According to Dr. Metcalf's plans there will be a revolution in the sanitary affairs. He will be ready to go ahead as soon as a sanitary policeman is appointed. James Brice, who was to have the place, has declined, and James Klinger has been recommended.

AT A STANDSTILL.

Business Practically Suspended on the Chicago and Erie Between Huntington and Chicago.

CHICAGO, Jan. 22.—Business seems to have been practically suspended by the Chicago and Erie road between Huntington, Ind., and this city. No trains have arrived here over its tracks since 4 o'clock yesterday afternoon, and none have left here since the mail train that went out at 2:30 yesterday afternoon. The early mail train that should have begun its eastward trip at 7:30 this morning, did not go out, and nobody at the station was prepared to say when it would go out. No attempt is being made, or has been made since 10 o'clock Tuesday night, to move the freight.

ONE HUNDRED FEET.

Two Ladies Hurled Over a Precipice and Badly Injured.

LEADVILLE, Col., Jan. 22.—An awful accident occurred here which will result in the death of Mrs. Henry Smith, aged 55 years, while a lady named Mrs. Nebelin was also badly hurt. The two ladies resides at Oro, about two miles from here, and after finishing their shopping started home in a buggy. Near Oro is a steep embankment, and in some manner the horse and buggy were thrown over and the couple hurled to the bottom, a distance of 100 feet. Both ladies were internally injured and Mrs. Smith is pronounced beyond recovery.

FOUGHT TO A FINISH.

Jimmy Doyle Whips Con Murphy at Hammond, Ind.

HAMMOND, Ind., Jan. 22.—Jimmy Doyle and Con Murphy engaged in a finish fight two miles south of this city, in the presence of about seventy-five spectators, last night. The men were evenly matched, both weighing 160 pounds. At the call of time they went at each other like hyenas, Doyle winning blood and knock down. The mill was of the slaughter house order. In the fifth round Murphy led with a straight left, but fell short and missed. In return he received a terrific blow on the chin, which sent him half under the ropes, where he lay until Doyle was declared the winner. The fight was for $325 and the gate money.

IMPRESSING THE SAVAGES.

Scheme to Convince Sioux Chiefs that War With the Whites is Hopeless.

COLUMBUS, Ind., Jan. 22.—James L. Jenkins, a deputy United States marshal and soldier of the regular army arrived in this city in charge of Seven Bears, an Indian chief, and a nephew of Sitting Bull. He stated that the government was undertaking to impress upon the mind of the half savage chief that this is a large country and full of pale faces and let this fact be communicated to his tribe, with a view of discouraging future trouble. There are five other chiefs in different parts of the United States that are being shown the country for the same reason. Seven Bears is a savage-looking Indian, fully six feet tall, understands no English, and when eighteen years of age lost his left arm in a fight with one of his tribe. He was taken to Hartsville, this county, tonight, at which place Mr. Jenkins has some friends. The two will return to this city and go to Louisville.

FROM GAY TO GRAVE.

Subjects of the Dead King Preparing to Celebrate His Return.

SAN FRANCISCO, Jan. 22.—The steamer Australia, which arrived from Honolulu to-day, brought the news that great preparations were being made there to receive the king on his return to the island. The passengers who arrived on the steamer state it was expected in Honolulu that the king would arrive on the Charleston about Thursday week, and the whole city will be decorated. Arches are being built, every store and dwelling house is being made gay with bunting and the troops and volunteers have been ordered to hold themselves in readiness for a parade. In the evening of the day on which the king arrived there was to have been a grand ball in the Royal palace, and it was expected that His Majesty's return would inaugurate a round of festivities. When the Charleston is sighted the government yacht will be sent to meet her and she will be boarded off Diamond Head. News will be then telephoned into the city, and probably the triumphal arches and decorations will be taken down or draped in mourning.

Run on An Omaha Bank.

OMAHA, Neb., Jan. 22.—A run was made yesterday on the South Omaha branch of the Nebraska savings and exchange bank. The cause of the run is not known. The bank kept open till a late hour to pay all depositors in full. President John L. Mills says the bank is fully prepared to meet every obligation.

Train Wreckers.

BROWNSVILLE, Tex., Jan. 22.—Further particulars of the train wrecking and robbery on the Rio Grande road on the 19th inst. say that after securing the money the robbers blindfolded the passengers and train men forced them into a box car, locked them in and then left. The derailed coaches caught fire from the overturned locomotive, and but for the assistance of some farmers living near the scene the imprisoned passengers and trainmen would have perished in the flames. The sheriff and a posse of men are in pursuit of the robbers.

NEW EDITOR.

Rev. Carter Elected Editor of the Indiana Baptist.

MITCHELL, Jan. 22.—Rev. C. M. Carter, pastor of the First Baptist church at this place, was yesterday elected to the editorship of the Indiana Baptist at Indianapolis, the leading Baptist journal of the state, and also one of their first papers in this section of the country. This is indeed a high honor to Rev. Carter, he being a young man under thirty years of age. He is a graduate of Franklin (Ind.) college in 1887, of the Union seminary, of New York, and the Southern Baptist seminary, of Louisville, Ky. For the past two or three years he has been pastor in charge at this place, and has been one of the most successful pastors over here.

HAS BECOME WRONG?

Fred Fahlsing Leaves Town Without an Explanation.

Fred Fahlsing, a young man who for some time has acted in the capacity of collector for the D. N. Foster Furniture company, on Court and Clinton streets, has absented himself from the city under suspicious circumstances. He took with him bills and collected money belonging to his employers and left no explanation. The young man told his mother last evening that Mr. Foster wanted him to go to New Haven on a business errand. The woman inquired of Mr. Foster to-day and found that the boy had not been detailed anywhere and that he had not reported for work to day. A boy connected with the store said that young Fahlsing told him yesterday that he was going west, that he was tired of Fort Wayne. It is thought that the absent collector did not take a sum to exceed one hundred dollars, and perhaps not that much. It is presumed that the young man has not been choice enough in his associations of late. Naturally he is a straight-forward fellow and his action is to be regretted.

BONDS OF LOVE

Sealed by Marriage Unite Two Happy Hearts.

A very pleasant marriage service took place last evening at the residence of Mr. and Mrs. Daniel Harmon, on Brookeridge street. Stephen A. Northrop, of the Baptist Tabernacle, was present and performed the impressive right that united in the holy bonds of matrimony, Mr. Elwyn Case and Mary B. Cowgill. The bridegroom is a highly respected citizen of South Bend, where he has resided for many years. The bride is the much beloved daughter of Mr. and Mrs. Daniel Harmon, who have been for many decades residents of this city. The immediate relatives of the contracting parties were present, but they were sufficient to crowd the parlors, during the ceremony. The presents which covered and surrounded the piano, were numerous and elegant. The refreshments were of the very best; in fact, our reporter never fared better in his life. The entire affair from first to last was a pronounced success. Mr. and Mrs. Case leave the city to-day for their new home at South Bend, with the well-wishes of hosts of friends and relatives, THE SENTINEL joining in the same.

After a Murderer.

DENVER, Col., Jan. 22.—A report comes from Silverton in this state, that Padlewiski, the Pole who murdered the Russian General Silverskoff in Paris some months ago, was seen at that place recently. A man answering his description in every particular, arrived there on the train from Durango last Monday. He purchased a burro and a prospectors outfit and disppeared into the mountains. From remarks he dropped to some Russians and Frenchmen, the suspicion was created that he was the man so badly wanted in Europe. He was certainly well acquainted with Parisian localities.

To Re-open a Bank.

KANSAS CITY, Mo., Jan. 22.—A committee of local capitalists called upon the United States Bank Examiner Marshall yesterday and informed him that they were prepared to submit a proposition for the reopening of the American National bank. Mr. Marshall replied that if they would place their proposition in writing he would refer it to the comptroller of the treasury at Washington. A telegram has been received from Comptroller Lacey to the effect that such a proposition will receive his prompt attention.

Small Pox in Texas.

HOUSTON, Texas, Jan 22.—While the small pox is prevalent here it is not epidemic but the citizens near the pest house yesterday augurated in a shot gun quarantine on their own hook and neither state nor city officials can break through except at the risk of life. The matter is serious and the hot headed citizens will have to be convinced of their mistake before the blockade can be raised.

The Weather.

WASHINGTON, Jan. 22.—For Indiana: Light local snows; north-westerly winds; slightly colder.

KILLED HIS SON.

Liquor Maddens a Father and He Stabs His Son to the Heart, Causing Death.

ROCHESTER, N. Y., Jan. 22.—John Miller, a blacksmith living at 12 Hudson Park, went home drunk, last night, and was at once remonstrated with by his son, John Miller, for his idleness and neglect to support his family. The father attacked the son, and a desperate struggle ensued. Finally the father stabbed his son several times with a pocket-knife, from the effects of which the son died early this morning. Miller, who is under arrest, says he remembers nothing of the occurrence.

OCEAN VESSELS

Will Soon be Sailing from England Into Chicago.

DETROIT, Jan. 22.—About two years ago a syndicate was formed in London, whose object it was to build and operate a line of steamships to run from some point in England to Chicago, bringing over miscellaneous freight and carrying dressed beef and dairy products back. Nothing was done at that time, owing to the fact that Canadian canals would not accommodate ships drawing nine feet of water. Recently the shallowest canal has been so far improved as to afford a depth of over nine feet and now the project is being pushed with vigor, which indicates that the salt water ships may soon be steamed up and down the great lakes.

SMALL POX IN A LETTER.

A Benedictine Monk the Victim of the Scourge.

ERIE, Pa., Jan. 22.—Brother Charles, of the St. Benedictine order of priests, was stricken to-day with small pox, and has been taken to the City hospital. Brother Charles was a teacher in the parish schools. His inoculation is attributed solely to the receipt of a letter, written by a brother priest from one of the small pox districts in Texas, about six weeks ago, as he had had no contact with the outside world for several months. The case is isolated, and there is no fear of any spread of the disease.

MISS STEBBINS.

The Wily Adventuress Leaves an Interesting History.

TERRE HAUTE, Ind., Jan. 22.—Ethel Towne, the young adventuress, acquitted of forgery here on Monday, and who quitted this place, going west, turns out to be a girl of national reputation for shady transactions and history that reads like a romance. Inside facts, which have just come to light, show that the girl's real name is Louise Hage, that she was born in Brooklyn, N. Y., and that she is now about twenty-one years old. Her father Richard Hage, an expert forger, is now serving a life sentence for murder in a prison in the Republic of Brasil. The girl, now known as Ethel Towne, was with her father in that country at the time of the deed and sentence and the authorities sent her back to this country. Her mother, who was of a wealthy and respected family, is dead.

For a while the girl lived in Chicago, but she run away from that city four or five years ago with a man, and has since lived an adventurous and criminal career, fleecing prominent citizens right and left in many of the large cities of the country. At Omaha she made the catch of a very wealthy young man, who became infatuated with her and followed her nearly all over the country. She has had connection with several large newspapers in a reportorial capacity, doing special work, and this enables her to display a knowledge of journalism that does good service for her. It also turns out that she left St. Louis a year or so ago, on account of several bogus checks that she passed. She has gone under the names of Ella White, Ethel Towne and Helen Rogers. It develops that Harry D. Roberts, Ethel's pal in uttering the forgery, is now in jail in Chicago for bank burglary.

Double Tragedy.

SAN ANTONIO, Texas, Jan. 22.—Last night in the kitchen of Col. Martin's residence Bertha Groos shot and fatally wounded her lover, James Hartley, of the Third artillery. The shot took effect in Hartley's abdomen. The woman then shot herself, inflicting a wound that will probably cause death. They were lovers and engaged to be married. When Hartley called last night he told the woman he was going to separate from her and the shooting followed.

Farmers' Alliance.

COLUMBUS, Ohio, Jan., 22.—An indication of the strength of the Farmers' alliance in state legislation in Ohio was given yesterday. The state alliance yesterday morning sent a telegram to the general assembly asking the repeal of the law exempting manufactured products from taxation for one year after production. Before the house adjourned last evening the bill was passed with few dissenting votes.

Suicide Suspected.

ST. LOUIS, Jan. 22.—L. D. Hamilton, one of the oldest operators in the service of the Western Union telegraph company here, has been missing since January 15. For some time he has been addicted to drink, and it is feared that in a fit of despondency he has committed suicide by jumping into the river. Hamilton has a wife living in Ohio.

GEN. LONGSTREET.

He is Quite Ill at a Hotel in San Antonio, Texas.

SAN ANTONIO, Texas, Jan. 22.—Gen. James Longstreet is quite ill at a hotel in this city. He is suffering from a wound received in the civil war.

ILLINOIS SENATOR.

The Contest Between Palmer and Oglesby.

SPRINGFIELD, Ill., Jan. 22.—Fourth senatorial ballot: Palmer, 101; Oglesby, 100; Streeter, 3. No choice.

On motion of Taubeneck, the joint session adjourned until to-morrow. The vote was 103 ayes; 101 nays. The Farmers' Mutual Benefit association members voting with the republicans.

FATHER SORIN

Reappointed Postmaster at Notre Dame, Ind.

WASHINGTON, Jan. 22.—Father Edwin Sorin was to-day reappointed postmaster at Notre Dame, Ind., upon the recommendation of Professor Hoyne. The Notre Dame postoffice was established by Henry Clay and Father Sorin appointed by him as its first postmaster. Since that time there has been no change in the postmastership there, as Father Sorin has been acting continuously.

A LITTLE TILT.

In the House Between the Speaker and Mr. Enloe.

WASHINGTON, Jan. 22.—The senate met at 10 o'clock this morning, but no quorum appeared until 10:20. The question being on the approval of the journal, Mr. Aldrich proceeded to address the senate. He said that the the journal disclosed the fact it was the determined policy of democratic senators to prevent any legislation or action unless their wishes as to certain measures should be acceded to. The action of the minority was revolutionary, and would be resisted. Mr. Stewart inquired whether it was proper for the senate to violate its own rules.

Mr. Aldrich replied that that was a question he did not understand; but that it was clearly the right of the senate to change its rules. He then went on to enumerate the important bills pending in the senate which much be passed before the fourth of March. Mr. Harris said that unanimous consent would be given by the democratic side to proceed to the consideration of appropriation bills or any of the bills mentioned by Mr. Aldrich.

Mr. Aldrich—That is exactly what I have said. If we yield to the dictation of the minority and let it say what legislation shall be considered, everything is all right.

WASHINGTON, Jan. 22.—When Mr. Aldrich had concluded his remarks he moved that the senate proceed to the consideration of his resolution for a change of rules. A point of order was made that the unfinished business was the motion to correct Tuesday's journal. The vice-president said he would hear argument, and discussion is now proceeding on that point. Mr. Stewart argued strongly on the democratic side.

The vice-president has ruled that Mr. Aldrich's motion to proceed to the consideration of the closure rule is in order and has over-ruled the point of order that the question before the senate, was the motion to correct Tuesday's journal.

Mr. Harris appealed from the decision, but the chair was sustained; yeas, 35; nay, 30; Teller Wolcott and Stuart voting with the democrats.

Mr. Aldrich moved to proceed to consider his resolution and Mr. Gorman moved to table it.

The vice-president has submitted the question to the senate and a vote is now being taken.

At the conclusion of the prayer in the house to-day Mr. Rogers, (Ark.), raised the point that no quorum was present. The speaker counted 163 members, and directed the clerk to read the Journal. While the clerk was reading, Mr. Enloe (Tenn.), questioned the correctness of the speaker's count.

The speaker—"The chair overrules the suggestion, and the clerk will proceed."

Mr. Enloe—"Then I appeal."

The speaker—"There is no appeal whatever."

Mr. Springer, (Ill.)—"I demand the reading of the journal."

The vote resulted: yeas, 20, nays, 35. So the motion to table was lost, and the vote is being taken on Aldrich's motion to consider the closure rule.

The roll call was suspended on Ransom's point of order that the Journal of Tuesday showed that the matter had already been taken up. The chair overruled the point of order, and the democrats took an appeal.

The appeal was defeated and the chair sustained. Whereupon Gorman made a further point of order that Aldrich's motion must be written. The vice-president sustained this point.

Aldrich's motion prevailed; yeas, 36; nays, 32. Jones, of Nevada, joined with the democrats in opposing it.

AFTER LONG SERVICE.

Conductor T. J. Nixon Retires from the Grand Rapids and Indiana Railroad to Private Life.

After many years of faithful service, T. J. Nixon, the oldest conductor on the Grand Rapids and Indiana railroad, has tendered his resignation. To-day he made the last run, punched the last ticket and collected the last fare. Mr. Nixon helped to build this road, since which time he was in its continuous employ. He is one of the best known railroad men in this section of Indiana, there being hardly a traveler over the road who was not familiar with "Old Nix," and although his home is at Richmond, Ind., between which city and Fort Wayne was his route, he spent perhaps half of his time here at this end of his run, his headquarters being at the Aveline house. The familiar face and figure of Conductor Nixon will be missed from the ranks, but he will cherish many memories of his railroad life. There is an army of friends who will express to the veteran conductor their sincerest hope that, now, after so many years of active service he can retire on his competence to enjoyment and contentment in the sanctity of his home, and that the declining years of himself and estimable wife may be peaceful ones. The Pennsylvania company, in recognition of the faithful service rendered by men whose hair has grown gray in the service, sometimes retires them upon a pension. Although Mr. Nixon's retirement is voluntary on his own part it is likely that he will also receive the same honor, as the company esteemed him highly for his sobriety, his piety and so-oursie performance of duty.

J. M. Moritz, one of the proprietors of the Aveline house, said of Mr. Nixon: "He has boarded at our hotel for twenty years, and it was with deep feeling on both sides that he said good-bye, not only to Mr. Miller and myself, but also to the old attaches of the house, who had a great respect for him. I have heard from Mr. Nixon's own lips that he was a railroader for forty years. He was for a long time master of transportation of the Fort Wayne road. There is not a better man living, so far as principle and habits are concerned. I don't believe he ever tasted a drop of liquor in his life."

IN A DRIVING STORM

General Miles Reviews His Troops at Pine Ridge.

PINE RIDGE AGENCY, S. D., Jan. 22.—General Miles reviewed the troops this morning in the midst of a driving storm. The review occurred two miles south of the agency and all the troops participated except four companies of the First infantry.

Two girls ran away from the school house last night and two more this morning. The parents of the children now confined in the school house threatened to burn the building if the girls are not released.

BUYS HIS OWN COFFIN.

An Old Gentleman Makes Arrangements for His Funeral.

This morning an old gentleman named Henry D. Thorp, who resides with relatives on West Washington street, went to the undertaking rooms of Schenmann & Klaehn and purchased the coffin, in which, when he dies, he desires to be buried. He also purchased his burial clothes and arranged for the hearse and carriages which he wanted and paid for the same. Mr. Thorp is now eighty years old. He formerly resided at Maysville, but removed to this city some years ago where he has been living ever since in order to be near his children who reside in this city. Some days ago Mr. Thorp went to Maysville and purchased a lot in the cemetery there where he will be buried. He is eighty years old and is a gentleman of considerable means.

Mill Burned.

MAZEPPA, Minn., Jan. 22.—The oat meal mill and elevator belonging to E. M. Johnson, of Minneapolis, burned last night. The loss on the buildings is $60,000, and 250,000 bushels of grain were lost.

LA CROSSE, Wis., Jan. 22.—Fire last night destroyed the storage warehouse of the Wisconsin lumber and manufacturing company. Loss, $28,000; insurance, $10,000.

Into an Open Switch.

LAREDO, Tex., Jan. 22.—The Aztec limited express of the Mexican National road, ran into an open switch near Golondrinas station last night. The engine turned over, killing Engineer J. W. Deliani, and fatally wounding Fireman H. Stafford. None of the passengers were injured.

Short in His Accounts.

SPRINGFIELD, Mo., Jan. 22.—It reported that County Treasurer John Baber, of McDonald county, is short in his accounts to the amount of $7,000. Baber is a democrat and has held the offices of county treasurer for twenty years.

Several Failures.

MONTREAL, Quebec, Jan. 22.—The failure of the big dry goods firm of McLachlan Bros. for $800,000 yesterday resulted in the failure of Lindsay Gilmore & Co. for $225,000. The assignment of these two firms, it is thought, is the beginning of a general clearing out by the Canadian banks of weak houses, and several other large houses are expected to go in the next few days.

SHIPPING IN CORN.

The Cereal is too High in the Home Market.

Corn is being shipped into Fort Wayne in great quantities, the consignees being the principal grain and feed dealers and grocers. To-day Weighmaster Ryan was busy weighing the fast arriving consignments, the two latest being several car loads for W. E. Henderson and Joseph Hartman. "Corn is too high in the home market," said a dealer this morning, "and we can pay freight and have it shipped here cheaper than to buy right at home." Corn is retailing at sixty cents a bushel.

FIRE PROTECTION.

South Wayne People at Last Awake to Their Interests.

Last evening Messrs. Lyman and Norton made a practical test of their fire extinguishers in South Wayne, with good success. The test was made in the presence of the town officers and a large number of residents. An order for three dozen extinguishers was placed and at a meeting of the South Wayne trustees this evening further action will be taken in the way of fire protection. A bucket brigade will be organized and other means provided. The new chemical extinguishers are of the Miller patent, each one having a capacity for extinguishing a fire, that would equal ten barrels of water. The tanks are re-charged with the chemical at a cost of fifty cents apiece.

WIRE-BOUND OYSTERS.

How It Is Proposed to Furnish Them Here as Fresh as at the Seaside.

A prominent oyster house of this city received last week a consignment of oysters from Baltimore prepared in a way that is expected to revolutionize the oyster business in the west. Each oyster when taken from the water had had its shell effectually closed by a wire wrapper around it and clinched. The effect is that when the oyster reaches the west it has had no opportunity of opening its shell for air and water and spilling that part of the juice that gives it the best of its flavor.

It has been the universal custom for New Yorkers and Baltimoreans to claim that oysters in the west are tasteless; that nobody knows what an oyster tastes like who has not eaten them fresh from the shell at the seaside. It is now declared that this new method of preventing the oyster's opening and wasting its fragrance on the desert air will allow "fresh" oysters to be eaten in Fort Wayne as well as New York.

FATED HEAT.

Successor to an Ohio Senator on the Verge of the Grave.

SIDNEY, Ohio, Jan. 22.—An intimate friend of Senator Thompson, who was elected yesterday to succeed the late Senator Robertson, is authority for the statement that Mr. Thompson will not take his seat in the sixty-ninth assembly. Mr. Thompson is dangerously sick. A common slop bowl full of blood ran from his mouth. He is as weak as a child, and no one is permitted to see him. Should he recover it will be a least a month before he can leave his room, and his business affairs will then require a month of his attention, and that will be very close to the end of the session. Several friends of the senator have been summoned, and all fear the worst.

AMOS RICHEY DEAD.

After a Lingering Illness His Cares on Earth are Ended---His Death Occurred This Morning.

At 6 o'clock this morning Amos Richey died at his residence, 87 West Main street, after a lingering illness. The cause of his death was heart failure. The deceased was an old resident of Fort Wayne. In 1857 he connected himself with the hardware house of Morgan & Beach, with whom he remained until 1865, when he went to the war. After serving his country he returned here and established a hardware business in partnership with Mr. McCullough, their store being where Joseph Storms' store, on Columbia street, is now situated. He was identified with the business about twelve years, when he retired and entered the employ of the G. W. Seavey hardware company as a traveling salesman. Leaving this, he again engaged with Morgan & Beach three years ago, and was connected with that firm up to the time of his death. The deceased was a little past fifty years old, and leaves a widow and five children, two sons and three daughters, as follows: Amos and Nelson, Effie, Birdie and Nellie, all unmarried. Mr. Richey, although an ex-soldier, did not belong to the Grand Army.

CAMPBELL'S AIR-SHIP.

Is to be Brought to Fort Wayne and Will be at Geary's Museum.

Some days ago the Gazette announced that Prof. Campbell was desirous of bringing his air-ship to this city, having written letters here to that effect. The fact scarcely came to the notice of Manager Geary until he began a communication with Prof. Campbell, and the result is that last evening he received a telegram from him announcing that he accepts the engagement and will arrive Sunday night or Monday morning.

The ship will be a great curiosity to the people of this city and will doubtless be visited by large crowds.

LOCAL LINES.

Gottlieb Nieman is somewhat better.

Dr. Boyer, of LeGro, is in the city.

Dr. Caldwell is able to be out after an illness.

The National Union will hold a regular meeting this evening.

William Adams and Sophia Felger have been licensed to wed.

There was not a case before the justices of the peace in this city to-day.

Justice Wilkinson to-day married David Stauffer and Jane E. Ireland.

Philip Zuber has sold to Gerhard Herber 16 Fletcher's addition, $1,500.

Miss Clara Piepenbrink will entertain friends at her West Washington street home this evening.

Samuel Lehman, the paper hanger, will open up a wall paper store in the Harrington block on Fairfield avenue.

Misses Annie, Katie and Alice Vordermark will chaperone a party to the Taylor farm on the New Haven road to-morrow evening.

The interest in the revival services at Wayne street M. E. church is daily increasing. Several came into the light last night. Service this evening. All are welcome most cordially.

Frank Snyder arrived in the city from Detroit to-day. Mr. Snyder was formerly of this city, having been employed by Maurice Cody. He is on his way to Port Townsend, probably to locate.

J. H. Stotsenberg, of New Albany, has secured a pension for Wm. Veach, who was a prisoner in Libby, and when last heard of, several years ago, was arrested and convicted at Indianapolis for car robbery.

Some miscreant egged a belt line street car last evening. The passengers included a number of representative gentleman and it is thought to be spite work. One of the windows of the car was broken.

Michael Singleton, of 33 Baker street, received the sad news of the death of his brother-in-law, Michael Cummings, of Chicago. His wife and Phil Singleton and Mrs. Phillip Lordier left on the noon train for Chicago to attend the funeral.

Miss Dora Bryant, of Stanton, Mich., was the guest of her father-in-law, W. H. Bryant, and wife, of West Creighton avenue, to-day. She is en route home from Antwerp, Ohio, where she has been at the bedside of her sick mother.

The Loyal Temperance Legion of Fort Wayne elected officers as follows: President, Tillie Potter; vice-president, Charlie King; secretary, Daisy Boaber; librarians, Effie Grand and Lola Conover; organist, Laura Bradley. Mrs. James E. Graham, in a communication, say s that this school meets every Sabbath at 3:45 p. m., and for a few months past has been existing under difficulties. The leader has been ill and her duties have devolved upon one who feels very deeply her inefficiency, both physically and mentally, to proceed with the work. Wood and other help is appealed for. The co-operation of our ministers is also asked to help the work along. The meetings are held in the W. C. T. U. headquarters, on Harrison street.

THE prohibitionists are preparing for an aggressive campaign in 1892.

BILLS have been introduced in both branches of the Wisconsin legislature providing for the repeal of the Bennett law.

DR. JACOB H. GALLINGER was elected United States senator by the New Hampshire legislature to succeed Senator Blair.

THE Mayor of Goshen has issued a proclamation that saloons must close at 11 p. m., and that the Sunday liquor law must be observed.

GIL PIERCE, a newspaper man formerly of Chicago and well known in Indiana, was re-elected United States senator by the legislature of North Dakota.

MANY of the prominent dentists of this city met at the office of Dr. W. W. Shyrock and formed a city dental association. A constitution and by-laws were adopted. Dr. S. B. Hartman was elected president, and Dr. M. A. Mason, secretary.

IT is reported that a natural gas trust is being formed, and that the action of the gas company at Columbus, Ohio, recently in shutting off the supply on the plea that the wells were exhausted was a part of a scheme to extort higher prices from consumers.

FORT WAYNE has a candidate for the position of director of the Northern Indiana prison, located at Michigan City. It is A. J. Moynihan, editor of the Journal. Mr. Moynihan is at Indianapolis looking after his chances. The officer is chosen by the legislature. The position is worth over $1,000 a year and only occupies part of the time of the incumbent. He is required to make occasional visits to the northern prison.

PRESIDENT HARRISON has received a package from Hon. Wm. Walter Phelps United States minister to Germany, containing five vials of Dr. Koch's lymph. The minister sent them as a personal gift. The president has distributed them as follows: Two vials to Dr. Hamilton, supervising surgeon general of the marine hospital service, and one vial each to the Polislinic hospital of Chicago, the charity hospital of New Orleans and the Indianapolis city hospital.

S. S. GORBY, state geologist, in his forthcoming report, presents some interesting information about natural gas. He finds that the field covers about one-seventh of the state's surface, and thinks this field is one vast connected reservoir. He says the natural waste of gas, besides its consumption, is greatly in excess of the amount generated, and hence the exhaustion is only a matter of time. Petroleum and gas, the report says, have a common origin, and petroleum is doubtless being decomposed to generate gas.

THE meaning of a "cold wave" is generally misunderstood. When the weather bureau telegraphs that a cold wave is coming people expect a blizzard or a rapid freeze. A cold wave is a fall of temperature in twenty-four hours of twenty degrees over an area of 50,000 square miles, the temperature in some part of this area descending to thirty-six degrees. If the mercury is at 40 degrees above zero, as it often has been this winter, and a cold wave is announced, the minimum fall of the mercury would be 20 degrees above zero. If that fall is gradual the change is not so disagreeable as a cold wave is supposed to bring.

THE stockholders of the Mount Carmel Aerial Navigation Company, who are manufacturing the air ship of E. J. Pennington, have paid in a ten per cent. assessment on the capital of $20,000,000. The stockholders express themselves as satisfied with the condition of affairs and with the progress being made by the inventor, E. J. Pennington. The latter explained to them that his only object in allowing any one to exhibit a model of the air ship was to demonstrate to the public the truth of his theory while the larger machine was being constructed.

IT is stated that when Governor Hill takes his place in the United States senate, he will open headquarters and manage his own presidential boom.

IN the house of representatives at Washington 1,170 petitions have been presented against the force bill and only five for it. In the senate 523 petitions against it have presented and four for it. This makes a total of nine petitions for the bayonet measure and 1,693 against.

AMONG the bills already introduced in the legislature is one providing a bounty of one cent each for the killing of English sparrows. In some parts of the state these pests do great damage to growing crops. Every state in the union will have to make war on them in order to exterminate them.

MAJOR CALKINS, a former well known republican politician of this state, was a candidate for United States senator at the election in the legislature of the state of Washington, which occurred Tuesday, but was defeated, and he no doubt owes his defeat to charges of bribery made against him. Just before the vote was taken Representative John L. Metcalf arose and said: "Gentlemen of the Legislature of Washington: I hold in my hand $500 which was handed to me by Harry A. Clarke, of Spokane Falls, with the express understanding that I cast my vote for W. H. Calkins for United States senator." For several seconds silence prevailed throughout the hall. Metcalf sent the roll of bills to the speaker and then resumed his seat. Senator Squire's supporters then began cheering, and it was some moments before the speaker could restore order. Finally a motion was carried appointing a committee of five to investigate the charge of bribery. When the vote was taken Calkins only received fifteen votes.

THE LEGISLATURE.

In the house yesterday Mr. Oppenheim introduced a resolution for the appointment of a committee to investigate the office of state treasurer Lemcke who is charged with loaning the money of the state. The resolution recites the section of the Indiana statutes, which provides as follows:

"The treasurer of state is expressly prohibited from loaning, using or permitting any other person to use or deposit in any bank, or with any person or persons, or exchanging for other funds except as permitted by this act, any of the moneys, funds, stocks or other property collected or received by him, or that may be paid or received into the state treasury; but shall safely keep all such moneys, funds, stocks and other property until the same is directed to be paid out or transferred in the manner prescribed by law. And such treasurer is expressly prohibited from receiving, in any manner, for his own use, any interest, premium, gratuity, bonus or benefit whatever, by the disposition of or arising out of any money or property belonging to the state, or to any county, or to any fund of the state or counties, or of any loan obtained for the state for any county; but whatever is so received shall, by him, be fully accounted for;

Therefore, be it resolved, That a committee of three be appointed by the chair to investigate and report whether any examinations have and report whether any examinations have been made of the state treasury by direction of the governor as required by section 5644, as above, and if so, whether certificates showing the condition of the treasury at the time of such investigation are on file as required by law;

That the said committee proceed forthwith to the state treasury and make a complete and thorough examination of the same and count all moneys therein, as contemplated by the said section 5644 of the revised statutes, and report the results of such examination and count to this house:

A considerable portion of yesterday afternoon's session of the house was devoted to the discussion of the Erwin bill, providing that grand juries should have jurisdiction only over felonies, and eventually it was recommitted to the judiciary committee with instructions to report some plan to lessen the expense of the grand jury system. Bills were introduced by Mr. Cullop: Fixing railroad fares at two cents per mile. By Mr. Curtis: To compel foreign loan associations to deposit with the state treasurer securities to the amount of $200,000, and by Mr. Claypool: Compelling managers of state institutions to purchase native live stock for food consumption.

Mr. Thienes introduced a bill making the first Monday in September, Labor Day, a legal holiday, which was referred to the committee on labor.

Mr. Braunstetter introduced a bill prohibiting the use of tobacco in churches, school rooms and public halls, which went to the committee on temperance.

Representatives Fowler, of LaPorte county introduced a bill in the house, providing for bank inspectors. The judges of the circuit court for each judicial district in the state shall, according to the bill, within sixty days after the taking effect of the act, appoint some disinterested and competent person residing within his judicial district to be such inspector, subject to the approval of the governor, to hold office four years, unless removed for incompetency or neglect by the judge, who is given this power. The inspector shall be paid $5 a day for the time spent in such examinations and mileage at the rate of ten cents a mile. Banks are to be required twice a year to publish verified reports showing their general condition, liabilities and assets.

PUTTING UP THE AIR SHIP.

The Chicago Exposition Building Leased for Pennington's Invention.

(Chicago Post.)

Great bodies move slowly, but Pennington's air ship is getting in readiness. The great box containing the machine was stored yesterday in the art gallery of the exposition building. This morning Mr. Pennington and Mr. Fanning met secretary Reynolds and Treasurer Pearce, of the exposition company, to close a contract for the building. The first step being the consent of the mayor, Mr. Pennington presented Mayor Cregier's license to exhibit the air ship in the exposition building until February 23. The building was then leased to Mr. Fanning for this purpose for an indefinite time.

As soon as the contract was closed Mr. Fanning began to move oil stoves into the art gallery, which has to be heated before the buoyancy chamber can be inflated without cracking the varnish. The work of unpacking the machinery and putting it together has already begun, but will consume three or four days. When put together the stanchions of the folding doors will be swayed away to permit its removal into the large room. The airship will then be exhibited first of all and privately to the representatives of the press and then to the public at a low admission price.

In conversing on the subject Mr. Pennington said that his invention had been just as much written about in the European press as in the press of this country. One effect of this was that a short time ago he was waited on by a committee of Russian Jews who had come all the way from Europe to buy one of his ships with the avowed purpose of sailing over the czar's palace and dropping a can of dynamite on it.

SEEKING TRUTH.

A Correspondent Skeptical in Matters of "Occult Science."

EDITOR SENTINEL:

I read with some interest in THE SENTINEL of January 15, 1891, the article headed, "Reached Fort Wayne," which treats of "occult science." In reading over the list of "giant intellects of the the nineteenth century," as given at the close of said article, my memory was awakened as I read that of Hon. Robert Dale Owen, and the name of another "giant intellect of the nineteenth century," suggested itself—Katie King. If this name is not familiar to any of your readers, let them turn to the files of the Atlantic Monthly, and in the number for January, 1875, they will find an article entitled: "Touching Visitants From a Higher Life," in which Mr. Owens gives an account of his interviews with the said Katie King, and when they have read the article let them remember that Mr. Owen was simply duped and imposed upon and Katie King a very clever fraud.

Now, I am very anxious for some student of occult science to tell me how it is that a man of such intellectual ability as Robert Dale Owen can be so easily imposed upon. And the query also arises in my mind as to whether the parties who are holding meetings in these West Wayne street residences may not be as easily imposed upon as was Mr. Owen, and I am further anxious to know how we are to avoid confounding "with a crowd of fanatic spiritualists" persons who are engaged in slate writing, table tipping, etc.

Josef Barngarst, who came to this country nine years ago, was found dead in the mountains of New Jersey recently. His was a strange life.

He was a man of liberal education, and has been a prominent instructor in the schools of his country, but by the faithlessness of a brother his home was wrecked and his property was lost, and, partially demented by the blow, he surrendered himself to strang day-dreams of future wealth and happiness, and devoted his years to a search for fortune. After landing in America he obtained employment at a hard-rubber manufactory at Butler, N. J., but had worked there only a short time when heartless jokers, to whom he confided his precious metal fancies, encouraged his insane fancies by assurances that great deposits of gold existed in the mountains of Northern New Jersey. Goaded by these false hopes he soon deserted his workshop bench and spent month after month in exploring the woodland region of the hills of Morris, Hunterdon, and Sussex in search of the coveted yellow metal that should restore him to luxury.

He became a familiar character throughout the section, but last spring he was lost to sight, and after a month or two of idle speculation the "Crazy Gold Hunter" was well-nigh forgotten, though occasionally the simile "as patient as Barngarst" would be revived among the country people, who had been greatly impressed with the German's faith, perseverence, and smiling good nature in prosecuting so persistently a fruitless task. Friday several young men out hunting for seasonable game happened across his whitened bones, lying beside a dead and fallen tree, in a deserted spot in the mountains near Boston. Beside the remains were some stones that glittered with mica, a watch bearing Barngarst's initials, and two gold dollars.

Even his death was not to be without its tinge of pathetic romance. Scarcely had his skeleton been found when his wife appeared with the news that his old family honor and fortune had been restored. She had just come to America to tell him the glad tidings. Coroner Hazen, of Morristown, decided that an inquest was unnecessary, and gave the remains into the wife's charge to be taken to Germany.

How to Kill Your Town.

Buy of peddlers as often and as much as possible.

Denounce your merchants because they make a profit on their goods.

Make your own town out a very bad place and stab it every chance you get.

Refuse to unite in any scheme for the betterment of the material interests of the people.

Keep every cent you get and don't do anything of a public nature unless you can make something out of it directly.

Tell your merchants that you can buy goods a good deal cheaper in some other town and charge them with extortion.

If a stranger comes to your town tell him everything is overdone and predict a general crash in the town in the near future.

Knife every man that disagrees with you on the best methods of increasing business.

When you have anything to say of your town, say it in such a way that will leave the impression that you have no faith in it.

Patronize outside newspapers to the exclusion of your own, and then denounce them for not being as large as the city papers.

If you are a merchant, don't advertise in the home papers; buy a rubber stamp and use it. It may save you a few dimes and make the paper look like it was printed in a one-horse town.

If you are a farmer, curse the town where you trade as the meanest place on earth. Talk this to your neighbors, make them think the business men are robbers and thieves. It will make your property much less valuable, but then you don't care.—*Exchange.*

Sure About One Thing.

C. W. Couldock, the veteran actor, talking one day to a couple of friends of some experience on the road, told this story: A number of persons were standing in the bar-room of a hotel when a typical frontier cowboy, in red shirt and sombrero, with dapper boots, entered and insolently demanded a glass of beer. The bartender, a quiet, inoffensive looking fellow, filled the glass and set it before him.

Taking it up with a swaggering howl he dashed it in the bartender's face and remarked:

"I want you to understand that I am a blankety-blank son-of-a-gun from Texas."

The bartender picked up a towel and, while he was slowly wiping his face, answered:

"I knew what you were, but I didn't know where you were from."—*New York Press.*

A River, By Order of the Colonel.

Captain Charles C. King tells the following neat military anecdote: "There was a subordinate officer, inclined to hair-splitting, who had received orders from his Colonel to put his battalion in camp on the other side of the river, facing east, and he did not. Presently the Colonel saw that his orders were not being carried out, and not being in a mood for direct inaction, he put spurs to his horse, dashed through the stream, and reigned up alongside of his victim with, 'Didn't I order you, sir, to put your battalion in camp along the river, facing east?' 'Yes, sir; but this ain't a river, it's only a creek.' 'Creek be hanged, sir; it's a river—a river from this time forth, by order, sir. Now, do as I tell you.' There was no further delay."

A Monster Slab.

Probably the most remarkable piece of bluestone ever quarried in this country and brought safely to tidewater is now at Wilbur. It is twenty feet long by twenty-four feet nine inches, ten inches thick, and weighs over twenty tons. It was taken out of a quarry near Kingston, and by its side the celebrated slab in front of the Vanderbilt mansion in New York, which is fifteen by twenty feet and eight inches thick, is shorn of much of its glory. This monster stone is so large that it may have to be cut in two for a buyer, which will detract from its actual value about 20 per cent. In its present shape it is practically dead money to its owners, as it is larger and wider either way than any sidewalk in America.

"There was an old man of Tobago, lived on rice, gruel and sago," he had headache so bad. After he used a bottle of Salvation Oil, he could eat roast beef and plum pudding all right.

They say the winter advertizements of houses will run somewhat in this style. A large and elegantly furnished house for rent, in easy distance of a dealer who sells Dr. Bull's Cough Syrup.

BARON NORDENSKIOLD, the great Norwegian arctic explorer, is sanguine of the success of the projected expedition to the north pole. He believes the discovery of the pole may furnish the key to many unsolved problems.

Pronounced Hopeless, Yet Saved.

From a letter received by Mrs. Ada E. Hurd, of Groton, S. D. we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottle free at Dreier & & Bro.'s drug store, regular size, 50c and $1.00.

Mrs. R. Y. Meckin, widow of the late Capt. Charles H. Meekin, of New Albany, is dead. She was born in Floyd county seventy-three years ago, and she was the daughter of Gen. Martin Himes, a man noted in the pioneer period.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

"WELL BRED SOON WED."
Girls who use SAPOLIO are QUICKLY MARRIED

SAPOLIO is one of the best known city luxuries and each time a cake is used an hour is saved. On floors, tables and painted work it acts like a charm. For scouring pots, pans and metals it has no equal. If your store-keeper does not keep it you should insist upon his doing so, as it always gives satisfaction and its immense sale all over the United States makes it an almost necessary article to any well supplied store. Everything shines after its use, and even the children delight in using it in their attempts to help around the house.

TIED UP!

The Strike on the Chicago and Erie Railroad—The News from the Busy Centers.

HUNTINGTON, Ind., Jan. 22.—The Chicago and Erie road is tied up as tight as a hard knot. No trains were run yesterday except mail, and they only had mail cars. Conductors and dispatchers are all out. An attempt was made by the company to run two passenger trains with new men last evening, but stikers boarded them, put on the air brakes, and stopped them. After trying for more than an hour, the attempt was given up, and the trains were backed into the yard.

CHICAGO, Jan. 22.—While the Chicago and Erie railway is seriously crippled by the strike of the train dispatchers, operators and a few conductors of the Chicago division, it cannot be said that the strikers have gained anything by the serious stoppage of traffic.

CLEVELAND, Ohio, Jan. 22.—Chief Arthur, of the locomotive engineers, said the engineers had no grievances against the Chicago and Erie road, and it was very unlikely that they would strike to assist the men now on a strike on that road.

THE DAY'S NEWS.

Wm. Bruns, of the Bass boiler shop, is suffering from a gash cut in his wrist.

F. Kaiser, of the Bass boiler shop, is absent from duty on account of sickness.

J. Larimore, fireman on the Fort Wayne road, is absent from duty on account of sickness.

Gust Hobrock, of the American wheel works, received a badly mashed finger while on duty yesterday.

A. R. Swetzer, formerly a fireman on the Nickel Plate road, has accepted a position at the electric light works.

Eugene Polly, of the electric light works, is suffering from being hit on the head with a heavy piece of wood.

R. S. Evans, manager of a firm at Baltimore, Md., has been in the city a few days on business with the Kerr Murray works.

Robert Meese, formerly of the Kerr Murray works, who was at Kendallville and Grand Rapids for some time, is in the city.

J. V. Gruber, of the machine department of the Kerr Murray works, left yesterday for Lafayette to do some repair work for the firm.

Invitations are being sent out for the ball which will be given by the Electric club in their hall next Thursday evening. It will be a private affair.

Joseph Fordie, of the Muncie machine shop, has returned from a trip to Adrian, Mich., where he was called to the bedside of his mother who was very ill.

A. Benedict, of the Pittsburg machine shop, was obliged to leave his work yesterday, on account of receiving injuries to his foot by a heavy piece of iron falling on it.

James Cullen, operator and ticket agent of the Fort Wayne road, at Convoy, Ohio, and Wm. Haley, also an operator on the same road, were in the city last evening.

The new hospital of the Wabash road, located in Moberly, Mo., will be opened by the employees February 5, 1891. It is a large building and will be for the use of the men employed on the road.

M. C. Kimball, traveling freight agent of the Mackinaw route with headquarters at Grand Rapids, who has been here a few days on business with the Kerr Murray works, has left the city.

Fred Bierbaum, George Anderson, Sherman Smainehart, Samuel Browneberger, Thomas Underwood, Merie Kramer and H. Kelley have accepted positions in the different departments of the electric light works.

W. B. Leeds, superintendent of the Richmond division, Pennsylvania lines, is one of the youngest men in his position in the United States, but he has had an excellent training, and well understands his business. He is not yet thirty years of age. When he was in the engineering department and working on what was known as the Red Bank extension, he walked ten miles to his work every morning, labored hard all day, and then walked back ten miles for supper. He didn't attend many dances or merry-makings while at that job.

Foreman Frank Beuoy, of the Bass boiler shop, left this morning for a business trip to Muncie.

Engineer Isaac Olem, of the Grand Rapids road, is absent from duty on account of the illness of his wife.

Fred Nohrwold, Fred Banmeister and Ed Slater, of the Bass moulding rooms, have resumed their positions after a few days' absence.

The Bob O'Link club, of which many of the boys in the shops are members, will give a grand ball at the Standard hall this evening.

John Murphy and Henry Daseler have resumed their positions in the Wabash shops after a few days absence on account of illness.

Bruno Meyer, of the moulding department of the Bass works, is absent from duty to-day to attend the funeral his friend Wm. Stellhorn.

Henry Guth, of the Bass moulding rooms, has been absent from duty a few days on account of an attack of la grippe. He is recovering.

H. C. Glenn, superintendent of the Van Wert gas light company at Van Wert, Ohio, was in the city yesterday a guest at the Kerr Murray works.

John King, during the few days absence from duty in the Bass moulding rooms, has been holding the reins over a splendid horse attached to a delivery wagon.

Trains on the Fort Wayne road were delayed four hours yesterday on account of a broken rail on the eastern division near Douglass station, which derailed a freight train.

C. A. Hartman and Harry Beers, of the electric light works, have pooled their interest in a dairy farm and expect to have a corner on Jersey milk next summer.

John F. Vallery, traveling freight agent of the Chicago, Burlington and Quincy railroad with headquarters at Chicago, has been in the city a few days on business.

The fire department made a run to the American wheel works about 4 o'clock this morning, where a pile of shavings had become ignited. The damage was slight.

General Manager Williams and several of the officers of the Nickel Plate road, at Cleveland, Ohio, passed through the city last evening in a special train, bound for Chicago.

Max Klaus, of the car wheel department of the Bass works, is absent from his work on account of the sickness of his child, and Alex Buhrer, of the same department, is off duty on account of the sickness of his wife.

The master mechanics of the Pennsylvania company, who were in the city holding a meeting in the office of Superintendent of Motive Power Casanave, have returned to their homes. Much important business was transacted.

The Pennsylvania Voluntary Relief department of the lines west of Pittsburg has been in existence eighteen months and during that time paid out in benefits $116,000; in disablement benefits, $139,142, making a total of $255,142 disbursed during the first year and a half of its operations.

At Dayton, Ohio, R. D. Marshall, as receiver, sold the Dayton, Fort Wayne and Chicago railway at auction for $1,454,000 cash to Eugene Zimmerman, of Cincinnati, and C. W. Fairbanks, of Indianapolis, who represented owners of a majority of the owners of a majority of the Cincinnati, Hamilton and Dayton railway stock. Ninety-six miles of the road is narrow gauge, and 163 miles to Ironton, Ohio, is standard gauge, through the coal fields to Ironton, on the Ohio river. Before the sale proceeded attention was called to two liens on the road in dispute, one being the claim of the Grant locomotive-works, of Paterson, N. J., and one a suit for damages for personal injury.

Physicians Have Found Out

That a contamination and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub cutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous, chalky deposit, which produces stiffness and distortion of the joints. No fact, which experience has demonstrated in regard to Hostetter's Stomach Bitters, has stronger evidence to support than this, namely, that this medicine of comprehensive use checks the formidable and atrocious disease, nor is it less positively established that it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for malarial fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

What a Change

Is wrought in people who suffer from rheumatism when they take Hood's Sarsaparilla. The acidity of the blood, which causes the disease, is neutralized, the blood is purified and vitalized, the aching joints and limbs rest easily and quietly and a feeling of serene health is imparted. Hood's Sarsaparilla has accomplished wonders for thousands subject to rheumatism. Try it yourself.

Lafayette has costly waterworks, but continues to be served with muddy water.

Allow me to add my tribute to the efficacy of Ely's Cream Balm. I was suffering from a severe attack of influenza and catarrh and was induced to try your remedy. The result was marvelous. I could hardly articulate, and in less than twenty-four hours the catarrhal symptoms and my hoarseness disappeared and I was able to sing a heavy role in Grand Opera with voice unimparied. I strongly recommend to all singers.—Wm. H. Hamilton, Leading Basso of the C. D. Hess Grand Opera Co.

Mrs. M. G. Alexander, one of the leading ladies of Greenfield, has been stricken with paralysis.

"How to Cure All Skin Diseases."

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT.

The tile factory at Mt. Vernon, owned by M. Brunkman & Son, burned yesterday, causing $3,000 loss.

Eupepsy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you Good Digestion and oust the demon, Dyspepsia, and install instead, Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and $1.00 per bottle by Dreier & Bro., druggist.

The "tiddledy-winks" craze has reached Jeffersonville.

HOUSEHOLD WORDS ALL OVER EUROPE.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial*, or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."

To avoid the evil effects of Tea and Coffee, use constantly VAN HOUTEN'S COCOA, which STRENGTHENS the NERVES and is a refreshing and nourishing beverage.

FRUIT HOUSE BULLETIN FOR 1891.

In consequence of the reduction of the Sugar Duties there has been a decline of half cent to one cent per pound. When the law goes into full operation on the 1st of April there will no doubt be a further reduction. At present New Orleans sugar is extremely low, a nice light brown New Orleans sugar selling at 5c. lb.

Coffee A. Standard, 6½c. Choice Extra C., 6c. Good New Orleans 5c. Crushed and Powdered, 7c. Granulated, Standard Quality, 7c.

COFFEE, COFFEE—Green and Roasted Java, Mocha and Rio.

The Coffee market is still held firmly by the speculating combination who has controlled it the last two years, and since our last circular there has been little change in prices, yet a large decline is looked for. In consequence of large receipts of Coffee at Rio and Santos. At present we have reduced the price on Rio one cent per pound.

Best Rio Coffee, 22c. lb. Roasted Rio, 25c. lb. Old Govt. Java, 28c. lb. Roasted Java, 33c. lb. Roasted Mocha, 35c. lb. Sampson Coffee in 1lb Packages, 26c. Levering's Coffee, 26c. lb.

The Tea market all grades of Teas, both Chinese and Japanese remain at former prices, but they are extremely low when the high price of Coffee is considered, and it is safe to say the high price of coffee has induced a large consumption of Tea, as the price of a pound of 20c. Tea is no more than a pound of coffee and it will go twice as far. We sell a most excellent Tea at 20c. lb, and the very best at 50c. lb. Our motto in Teas is purchasing in large quantities from first hands and sell direct to our customers, thereby saving them the profits of the Jobber, Speculator and Wholesale Dealers, which is at least 15c. We have a package Tea in 1lb Packages we sell at 15c.

Extra Young Hyson Tea, 20c.; good, 30c. Very best Young Hyson in market, 50c. lb. Gunpowder Tea, extra, 30c, best, 50c lb. Oolong or Black Tea, good quality, 25c.; best, 50c. lb. Imperial Tea, excellent quality, 30c; best, 50c lb. English Breakfast, extra fine, 30c.; best, 50c. lb. Japan Tea, very fine, 30c; best, 50c lb.

CALIFORNIA FRUITS, CANNED AND DRIED.

Our home market on fruits is so bare this season that California fruits are in great demand. Besides, they are the most desirable goods. Our California goods we purchased before the advance, hence our customers will have the advantage.

California 3 lb. can Peaches, 25c can; California 3 lb. can Pears, 25c can; California Green Gages, 3 lb. cans, 15c can; California Egg Plums, 3 lb. cans, 20c can; California 3 lb. cans, Apricots, 20c. can; Dried California Nectarines, Peeled Peaches, Silver Prunes, California Dried Apricots, 17, 20 and 35c. lb.

MISS FRACTURED.

Frank Voirol, the Veteran Watchmaker, Falls Down a Stairway.

Frank A. Voirol, the veteran watchmaker and father of Frank J. Voirol, the jeweler, is confined to the bed with very severe and painful injuries received by falling down a flight of stairs. In the middle of the night Mr. Voirol imagined he heard some person in the store at 244 Calhoun street, over which he resides, and cautiously he started to investigate, when in the dark his foot slipped and he was precipitated head-long to the bottom. Being a heavy man the force of the fall was much greater than it would have been to a person of lighter build. Members of the family hastened to Mr. Voirol's side to find him unconscious and he was tenderly carried to his room, where a physician made an examination, finding three ribs broken and severe contusions. It is thought that no internal injury was received. An investigation at the time of the accident showed that no person had entered the store as Mr. Voirol had fancied.

THE MAYORALITY CONTEST.

The Name of Hon. Montgomery Hamilton is Being Talked Of.

The interviews published in THE SENTINEL last evening under the headlines "Who for Mayor" excited no little interest, as it was the first announcement of who the candidates for the office would be at the coming city election. The office of the mayor of Fort Wayne, with its 40,000 inhabitants and the metropolis of Northern Indiana, is one of considerable magnitude and importance and should be filled by a good man. The city is reliably democratic, but two years ago Mayor Harding, the republican candidate, was successful at the polls. He will probably be a candidate for re-election. He can be defeated if the democrats are wise in their choice of a candidate. The nominating election is more than two months away, but it is not too early to be looking about for good timber, hence THE SENTINEL last evening mentioned the names of some of those who would compete for the honor. The list was not complete and other names were suggested to a SENTINEL reporter last evening as among those who might enter the race. Among the number was that of Hon. Montgomery Hamilton. Our newspaper man called at his residence and broached the subject to the ex-councilman.

"Really," replied Mr. Hamilton, "I have scarcely thought of the matter. Yes, I saw your interviews in THE SENTINEL. The names there mentioned are all those of good men. Any one of them could be elected."

"Are you a candidate?"

"No," was the reply, "I wouldn't care to make the canvass."

"But you would accept if the nomination was tendered you?" asked THE SENTINEL.

"Oh, I might do that, but I am not a candidate in the sense of wanting the office. If I should be nominated I would consider it an honor and would probably accept, but I do not care for it."

During the course of a conversation on general topics which followed the reporter questioned Mr. Hamilton concerning the next congressional race and he announced positively that he would not be a candidate for the nomination. He did not care for office, preferring the retired life, engrossed with private business, that he is now leading. He was a member of the city council in 73-74 and again from 76 to 80, and was considered at that time one of the best posted men on city finances in the council, being for most of the time the chairman of the finance committee. His name is being talked of as a candidate for mayor and it will require a positive refusal from him to take it out of the list.

TREATED FREE.

Doctors E. L. Siver and George C. Steman Establish a Free Dispensary.

Within a few days there will be established in this city a free dispensary, where a corps of medical men will at certain hours administer to the sick and afflicted subjects who are not prepared to pay a fee.

The fathers of this new feature are Dr. E. L. Siver and Dr. George C. Steman. They have already engaged rooms on the third floor of the Schmitz block, where at certain hours physicians will be at the dispensary to wait upon the sick. There will be specialists and other physicians on the staff, all of whom will render their services free. A SENTINEL reporter called upon Dr. Steman, and that rising young professional man said:

"There is not a city in the United States the size of Fort Wayne that has not got a dispensary for the purpose of treating the sick who are unable to pay. It is high time that one was established here."

"Did not Fort Wayne once have a free dispensary?" asked the reporter.

"Yes; formerly there was such an annex to the Fort Wayne medical college, but since the institution was merged with the Taylor university, the feature has been abandoned."

"How do the promoters and supporters of a free dispensary derive benefit from the same?"

"Financially they do not receive any benefit, but in the practice they do. It is a good thing for the profession as well as the patient."

CLEAN UP.

Health Officer Metcalf Will Enforce Street Sanitary Rules.

Health Officer S. C. Metcalf will soon issue an edict for the cleaning up of alleys and heaps of filth and debris. He says he will enforce his orders to the letter. The doctor said to-day: "I intend to be very strict in the health matter, and intend to go right ahead without fear or favor. I shall make a fearless attack upon neglectful people." The doctor is pursuing a course that will meet with the endorsement of the people, and the more frequently he pokes his nose against an obnoxious smell the better it will probably be for public health.

Commencing at the Nickel Plate track the territory covered will be between Lafayette and Harrison streets, and it will extend to the Pennsylvania tracks. This will be attended to first, the less thickly populated district afterwards. Persons found throwing slops into sewer sand pits will be prosecuted. All slops must be kept in covered barrels and hauled away. According to Dr. Metcalf's plans there will be a revolution in the sanitary affairs. He will be ready to go ahead as soon as a sanitary policeman is appointed. James Brice, who was to have the place, has declined, and James Klinger has been recommended.
